BLACK PANTEER PARTY BALTIMORE DIVISION RACIAL MATTERS

The RPP newspaper, "The Black Panther," on page ten of the 5/9/70 issue lists among recognized chapters, branches and National Committees to Combat Fascism the following: Dover, Delaware, 239 West Street, 19901, telephone number 302 734-5285, James Reed.

A review of Bufiles does not reveal prior information received from Baltimore concerning formation of this BPP group. This shows a definite weakness in your racial informant coverage. It should not be necessary that the Bureau find it is dependent on the BPP newspaper to become aware of the existence of such groups in the Baltimore Division.

Reed undoubtedly is identical with James Elias Reed described in your teletype 4/30/70 captioned "Demonstration by 12 Negro Males Carrying Black Panther Party-type Posters, Dover, Delaware, 4/30/70, Racial Matters." Reed and 11 individuals involved in this demonstration were arrested while involved in an unauthorized parade and were uniformly dressed in black berets and dark blue jackets.

Baltimore immediately initiate intensive investigation of this RPP group to identify its members and the extent of its activities. Insure personnel handling this investigation are knowledgeable of existing Bureau instructions regarding investigation of the BPP and proper method of reporting information obtained. This matter is to receive strict supervision and continuous aggressive investigative attention.

BLACK PANTHER PARTY DOVER, DELAWARE

Re: Bureau airtel to Baltimore, 5/13/70 captioned "Black Panther Party, Baltimore Division, RM" (See Serial # 1 of 157-4707).

Your attention is directed to Bureau letter to Albany dated 2/27/70 captioned "Black Panther Party (RPP)" which sets forth detailed instructions concerning the BPP.

For your assistance and guidance, you should note the following:

- 1. An evidentiary report utilizing the character "Racial Matters, Smith Act of 1940. Seditious Conspiracy, Rebellion and Insurrection" is to be submitted to the Bureau and San Francisco every 30 days if there is evidentiary information to report. If there is no evidentiary information to report, a letter indicating same is to be submitted in lieu of the report. This represents no change in current reporting instructions.
- 2. A regular intelligence-type report utilizing the character "Racial Matters" only is to be submitted every six months to the Bureau and San Francisco.

This instruction eliminates the previous required submission of an intelligence report every 90 days. It places the requirement for such a report on the BPP on the same basis as the submission of reports regarding other organizations as set forth in the Manual of Instructions.

2 - Baltimore (157-3241) Baltimore Division (157-4707) Dover

DDD:sah

(2)

BATIMORE

The next intelligence-type report to be submitted will be due six months from the date of the last 90-day report submitted.

3. By the fifth day of each month all offices are to submit a monthly summary airtel to the Bureau and San Francisco concerning pertinent activity by the BPP during the preceding month. This summary airtel should be captioned "Black Panther Party, Ralto. Division, Monthly Summary, Racial Matters" or, if appropriate, "Black Panther Party - National Committee to Combat Fascism (or local name in use), Ralto. Division, Monthly Summary, Racial Matters." This communication is to be an airtel only and no letterhead memorandum is to be submitted with it.

This instruction eliminates the biweekly summary currently required unless substantial information was submitted during the prior two weeks. This monthly summary is a requirement and must be submitted regardless of what material was furnished during the previous month.

The first part of this monthly summary should contain a succinct summary of the general status and operation of the BPP within each division. It should include the number of chapters and/or committees; their locations; estimate of members in each; identities of leaders; location of BPP pads, apartment, houses, and community centers; community activities in operation (for example, Breakfast for Children programs showing location and number of children being fed); and public appearances by BPP members, particularly at institutions of learning, showing sponsoring group and fee received if known. This information should be documented by date and source.

The second part of the monthly summary should include a succinct summary without documentation of pertinent BPP activities which occurred within each division during the previous month.

The submission of the monthly summary airtel is not to be considered a substitute for the submission of pertinent information to the Bureau by the most expeditious means dictated by the circumstances or the timely submission of such information in form suitable for dissemination.

The first summary is to be submitted to the Bureau and San Francisco by 3/15/70 for the month of February, 1970, and thereafter by the fifth of each month covering the activities of the prior month. The summary to be submitted on 3/15/70 should also list public appearances by BPP members for the month of January, 1970, in addition to February, 1970.

4. The current requirement that a biweekly letter containing counterintelligence recommendations on the BPP be submitted to the Eureau is eliminated. Counterintelligence information regarding the BPP is to be included hereafter in the regular quarterly counterintelligence letter submitted by each office.

In view of the above, you are instructed to submit appropriate investigative inserts as follows:

- l. An investigative insert relative to the above mentioned evidentiary report. This must be submitted to reach the S-1 desk by the 5th of each month so that the necessary monthly evidentiary report can be submitted to the Bureau by the 9th of the month.
- 2. By the first of each month you will submit a investigative insert suitable for inclusion in the summary airtel so that this may reach the Bureau by the 5th day of each month.
- 3 You will submit a regular intelligencetype insert relative to the regular intelligence-type report required on a six months basis. The next such investigative insert will be submitted by you on or before

You are further instructed to prepare a memorandum for the file 157-4707 at the end of each month listing efforts made by you to develop suitable informants within your resident agency territory bearing in mind Bureau instructions that every effort must be made to penetrate the group in your area during its formative stages.

You are also instructed to include in this memorandum the number of persons you have interviewed relative to developing informants and you should list their identities.

You should immediately make efforts to develop background information concerning the ll individuals involved in the demonstration mentioned in referenced Bureau airtel of 5/13/70, and by suitable memorandum you should request that separate investigations be instituted on these individuals unless such investigations have already begun.

All inserts in this matter prepared by the Dover Resident Agency are to be directed to the attention of SA BYRON E. FOY to whom the BPP - Baltimore Division is assigned.

BLACK PARADERS ARRESTED IN DOVER

by Hal Collier--DNS Staff Writer

Dover-Police last night arrested 12 Black youths on Lookerman Street and charged them with parading without a permit and causing a public nuisance.

James E. Reed, one of those arrested and an acknowledged sympathizer with the Black Panther Party, referred to the arrests as "a political frame-up in Dover to do away with Black youth who are becoming aware."

In connection with the parading charge, Reed said, "we planned our march in support of Bobby Scale's trial weeks ago, but every time we talked to Dover Police Chief W. Lloyd Spence about securing a permit, he refused."

"Spence told us that if the permit was connected with Panther activities, to forget it," said Reed, Spence, however, said they never made application for a permit.

"As for the public nuisance charge, Reed said, "the march was peaceful, orderly and without incident," "That is, until the police brought out one of their dogs for no reason."

Reed reported that one of the youths arrested was bitten by the dog, but police said no medical treatment was required.

Spence said police went to Look-

erman Street when "some people decided to walk down the middle of the street chanting their Blackpower chant, that's all."

He said the group had reached New Street when police arrived and did not know of any immediate cause for the youth's actions.

The march, Reed said, was conducted in support of today's Black Panther trial in New Haven, Conn.

"Understand," Reed said, "our group fully supports the Panther Party, but we are not members. We distribute literature put out by the Party."

According to Chief Spence, there is a city ordinance which prohibits the sale of such literature. He said copies of the ordinance, like any other law, are available for reading in a number of places.

Reed claims that he's been to the city police department and City Hall several times to see the ordinance, but charged that it must be invisible.

"We want to distribute the literature in the Black community here to show the people how police and government agencies are victously prosecuting the Black Panther Party," he said.

Donald L. Brown, a 22-year-old Chester, Pa., man was also arrested. Brown identified himself to police as an American Viscount.

All of those arrested were taken to Magistrate Court No. 7 in small groups and appeared before Magistrate Leonard E. Motely. The seven adults were released on 'own recognizance' bond (signature).

Four of the juveniles were committed to the Stevenson Home in Milford and the other was released to his parents. The five ranged in age from 14 to 17.

Reed also faces a charge in connection with the Sear's warehouse fire last August. He linked that charge with last night's arrest, saying he's "been made a political prisoner by local police,"

Members

Assigned In Jail Temporarily Assigned Elsewhere Total Active

It should be noted that the total active membership is restricted to those individuals of whom we have knowledge are most likely listed as BPP members with National Headquarters, San Francisco. The Baltimore BPP Chapter has numerous sympathizers and supporters who are actively engaged in the activities of this Chapter. They participate as if they were members but it is very unlikely that their names are listed on the membership roles with the National Headquarters in San Francisco because of the national policy of the BPP to

restrict the taking of new members.

JOHN L. CLARK, Captain

AWITA BEATRICE STROUD, Officer of the Day

STEVE McCUTCHEN, Minister of Information

VICTOR DELLY, Minister of Finance.

Warrants are outstanding at present for VICTOR DELLY and STEVE MCCUTCHEN in connection with the murder of EUGENE LEROY ANDERSON in the summer of 1969.

BPP Pad - Baltimore

The residence of 1713 Aisquith Street, Baltimore, which was first rented as a location for a free medical clinic but which was utilized for several months as a pad, was vacated by the BPP on 5/22/70. A location at 933 S. Sharp Street, Baltimore, has been rented and the phone located at the Aisquith Street address was moved to the Sharp Street address and the number remains the same. This address is utilized as a pad as is the residence located at 1248 N. Gay Street which is the headquarters.

BPP Community Activities and Operations Within Baltimore

The Baltimore Chapter continues on a regular basis to conduct a free breakfast program in the St. Martin de Porres Center, 908 Valley Street, Baltimore, Maryland. This program meets with little success because of very poor participation and has been damaged extensively because of the

psychological effect of the mass arrests of former and present BPP members on 4/30/70 in conjunction with the brutal murder of EUGENE LEROY ANDERSON in the summer of 1969.

JAMES ELIES REED, JR.

FOIA(b)(7) - (C) FOIA(b)(6)

On 4/10/70, JAMES REED, Negro male, DOB FBI Number 95555H, contacted Chief W. L. SPENCE, Dover City
PD, Dover, Delaware and announced that he was a BPP member,
that he intended to announce his BPP affiliation publicly
and complain of suppression of black people in the Dover
community.

Annapolis, Maryland

There is no active chapter presently in Annapolis but ALLEN SALISBURY and ANDREA WALKER, aka, Dara Davidson, state that they are planning to organize a chapter of the BPP in Annapolis, Maryland. These individuals are former BPP members of Baltimore and it is not known whether their plans to open up a chapter in Annapolis is with the support of the national BPP.

The proposed location of the BPP Chapter, Annapolis, Maryland, is the Newtown Twenty Apartments and they expect to obtain occupancy in mid June, 1970. SALISBURY stated that CURTIS WALLACE, Negro, male, BPP New York City, and SIDNEY HOPKINS, Negro, male, from a California Chapter of the BPP, were to work from this apartment while working with BPP matters

in conjunction with the organization of the Annapolis Chapter.

SALISBURY and WALKER supposedly are married and intend to use the apartment as a front and not actually as a residence.

If, in fact, a chapter of the BPP is in the making in Annapolis as SALISBURY states, it will likely be a NCCF Chapter because of a stated national policy of opening no new chapters of the BPP but rather authorizing the organization of NCCF Chapters.

Wilmington, Delaware

At present, investigation reveals that there is no formal officially recognized chapter of the BPP or the NCCF in Wilmington, Delaware. However, there have been individuals who in the past have used some of the slogans, mannerisms and dress of the BPP. On 5/5/70, during a raid conducted by the Wilmington, Delaware PD in conjunction with an official investigation, quantities of the BPP newspaper as well as other magazines and publications of hate and racist type articles were found at 1321 E. 29th Street, Wilmington, Delaware. While the source of the material is unknown, it is felt because of the volume of the material, this location was a distribution point for this type of material in the Wilmington, Delaware area.

Public Appearance

On 5/8/70, ANITA BEATRICE STROUD spoke for approximately five minutes at an anti-war demonstration conducted by local colleges in Baltimore area at the Nar Memorial Plaza, Baltimore. She was introduced as a member of the BPP, Baltimore, and spoke mainly in support of those who were arrested on 4/30/69 re the murder of EUGENE LEROY ANDERSON. The overall tone of the speech was not very militant but was "anti-establishment."

A rally and a dance were held on the campus of the University of Delawars in support of and for the benefit of the BPP on 5/3 and 9/70. JOHN L. CLARK was the principal speaker.

On 5/16/70, 300 individuals congregated at St. Lawrence Roman Catholic Church, Jessup, Maryland, and marched to an open field located approximately one mile from Fort George G. Meade, Maryland, whereupon several individuals spoke against the war. One of the speakers was JOHN L. CLARK who stated that the people must become more revolutionary against Vietnam, Cambodia and racism in the United States and quit talking. He spoke only a few minutes.

Funds

FOIA(b)(7) - (D)

Baltimore, Maryland (protect), continues to make available the records pertaining to Account Number 220-13304. This account is listed to the BPP, 1202 N. Gay Street, Baltimore, Maryland.

There was a deposit made to this account on 5/7/70 totaling \$280.00 and one withdrawal on that date of \$280.00. The beginning balance was \$133.20. The ending balance for May is \$151.70.

Activities During May, 1970

Baltimore Chapter of the BPP was comparatively inactive with the exception of several speeches which were made by JOHN L. CLARK and the selling of the BPP newspaper by youths who associate themselves with the BPP.

There have been some newspapers in Wilmington, Delaware and Dover, Delaware, also.

On \$/30/70, Dover City Police, Dover, Delaware, arrested JAMES ELIES REFD and 11 other Negro males, five of whom were juveniles, for parading without a permit and as a public nuisance. The group was parading down a main street

of Dover, Delaware, displaying BPP type posters and were uniformly dressed in black berets and dark blue jackets.

NCCF Chapter DOVER, DELAWARE JAMES REED

On April 10, 1970, REED contacted Chief W. L. SPENCE, Dover City Police Department, and informed him he was a Black Panther, that he intended to announce his Black Panther affiliation publicly and was complaining of suppression of black neonle in the Dover community. He indicated he was going to organize a Black Panther Party in Dover, Delaware, and indicated plans to establish a Black Panther Protection Squad to patrol the ghetto areas of Dover, Delaware to protect the black community from police harassment and brutality.

At approximately 6:05 p.m. on April 30, 1970, Dover City Police, Dover, Delevate, arrested JAMES EBLIS REED, 31 year old Hemro male, and eleven other Negro males, five of whom ware inveniles, for parading without a permit and as a public numbered. The group was parading down 9th Street of Delevat, Delevate, applicate BP type posters and were uniformly dressed in black berets and dark blue jackets.

MEMBERSHIP

ETP Baltimore, Maryland

The membership of the Baltimore Chapter is in a vary disordanized state because of arrests on April 30, 1970 of numerous BPP members, past and present, in regard to the brutal murder of EUGENE LEROY ANDERSON in the summer of 1969. Marrants are outstanding for VICTOR DELLY, Minister of Linance, Baltimore Chapter, LPP; and STEVEN MCCUTCHEN, Minister of Information, Baltimore BPP.

The Baltimore Chapter of the BPP received a large amount of publicity as the result of these arrests. These arrests seemed to have brought play of the black extremist youths under the banner of the BPP in sympathy to their cause. Of the active membership, five are in pail in Baltimore and two are being sought by the Baltimore Police. There are approximately ten active members who are participating in the Baltimore Chapter at present, but there are numerous individuals who sell the BPP newspaper throughout the City of Baltimore. However, most of these individuals are believed to have no other connections with the BPP except the newspaper sales activity.

FOIA(b)(7) - (D)

At present, the NCCF Chapter at Dover is in a state of organization and the primary member is JAMES REED. He has some following as is indicated by the arrests of him and 11 other Negro males by the Dover City Police, Dover, relaware on April 30, 1970.

There is further evidence of national unity in the large quantity of long distance telephone calls from the BPP Headquarters in Saltimore to such offices as the BPP Headquarters in San Francisco, BPP Headquarters in New York, BPP Headquarters in Philadelphia, and NCCF Chapter at Washington, D. C. as well as many other numbers associated with 3PP locations.

The BPP newspeners are sold by BPP associates and are paid on the basis of 5¢ per paper. The namer is sold in Baltimore, Maryland, and Dover and Wilmangton, Delaware. Many of the papers that are shipped to Friendship Airport, Baltimore, Maryland, are transferred to the NCCF Chapter in Washington, D. C.

Articles have been written by BPP members at Bultimore and have appeared in several recent issues of the BPP newspaper. The articles have mostly been concerned with the arrests of BPP members, past and present, on April 30, 1070, in connection with the brutal marder of EUGENE LEGOY ANDERSON in the summer of 1969. Some have been written about conditions in the black community in Baltimore that the BPP see as involcrable.

B. FRUE BREATE, ST PROCEST

CLYDE BOILES of St. Martin De Porres Center, 903 Valley Street, Baltimore, Maryland, advised that the Baltimore Chapter of the BPP continues, on a regular basis, to conduct a Free Breakfast Program at the St. Martin De Porres Center, on a daily basis from 6:00 a.m. until 9:00 a.m. The attendance is usually very small.

(On 6/18/70 on a suitable protent.)

The Bultimore Chapter is attenuing to enlarge the Free Breakfast Program with little success because of the lack of the space available, as is stated by WILLIAM COATES of the Baltimore BAP in the "Black Finther" issue of June 6, 1970, which is set forth as follow:

Other persons associated with BPP or the NCCF giving speeches in this division are as follows:

STEVEN MCCUTCHEN has appeared with JOHN CLARK on occasion, but CLARK usually attends these functions and speaks alone.

On May 8, 1970, a Special Agent of the FBT heard ANITA BEATRICE STROUD speak approximately five minutes at an anti-war demonstration conducted by local colleges in the Baltimore area at the War Memorial Plaza in Baltimore. She was introduced as a member of the BPP at Baltimore, and spoke mainly in support of those who were arrested on April 30, 1969, in regard to the murder of EUSENE LERDY ANDERSON.

On June 14, 1970, a Special Agent of the FBI heard ROBERT WEBB, BPP, New York and ELBERT "Big Man" HOWARD, Deputy Minister of Information, of the National BPP, and JOHN CLARK speak on the PETER GAMBLE, WAYE Radio Station, Baltimore, Marvland. The speech was mainly concerning the ten point platform of the EPP and the National Press Conference to be held at the Lincoln Momerial, Washington, D. C. on June 19, 1970, to announce the date and place of the Pevolutionary Constitutional Convention sponsored by the PPP.

The increase in membership as is stated in this airtel as contrasted to referenced airtel can be explained in that the previous airtel listed only the BPP members most likely listed with National Headquarters in San Francisco, whereas this airtel lists all persons known to be associated with the BPP, Baltimore at present.

Leaders

JOHN L. CLARK, Captain

STRVE MC CUTCHEN, Minister of Information

VICTOR DELLY, Minister of Finance

Warrants are outstanding at present for VICTOR DELLY and STEVE MC CUTCHEN in connection with the murder of EUGENE LERGY ANDERSON in the summer of 1969.

BPP Pad - Baltimore

933 S. Sharp Street, Baltimore is being used as a pad and meeting house by the Baltimore BPP.

BPP Community Activities and Operations Within Baltimore

St. Martin de Porres Center, 908 Valley Street, Baltimore, Maryland, is being used by the Baltimore Chapter of the BPP on a regular basis to conduct a free-breakfast program from 6:00 a.m. until 9:00 a.m. The attendance is usually small.

The Baltimore Chapter is attempting to enlarge the free-breakfast program with little success because of the lack of free space available, as was stated by WILLIAM COATES of the Baltimore BPP in the "Black Panther" issue of 6/6/70. COATES, in this article, criticizes various churches in the Cherry Hill area of Baltimore for not providing this space.

JAMES ELLIS REED, JR.

There has been little activity on the part of this chapter during the past month with the exception of the selling of a few papers.

Annapolis, Maryland

There is no active chapter in Annapolis to date. even though ALLEN SALISBURY and ANDREA WALKER have stated they are planning to organize a chapter there. They recently mentioned that they possibly would work in an underground status in Annapolis. SALISBURY has stated he has been in New York City on a BPP training program and learned that there are a lot of BPPs in underground status because the BPP has learned that they can't do battle with the "Pigs" He stated the underground BPP membership in Annapolis was to be very small and discreet; that they would attempt to establish contacts in selected localities such as the state capital and courthouse, including laborers and maintenance men who could be trusted to report pertinent information developed concerning government operations of interest to the BPP. The date for the move to Annapolis is still not set.

Wilmington, Delaware

There is still no publically recognized chapter of the BPP or the NCCF in Wilmington, Delaware. BPP newspapers are still being sold in the area by various individuals.

Public Appearance

On 6/14/70, persons identifying themselves as JOHN CLARK, Captain of the BPP chapter in Baltimore; ROBERT WEBB, Defense Captain of the BPP chapter in Brooklyn; and ELBERT "BIG MAN" HOWARD, National BPP Minister of Information, appeared on the Peter Gamble Show, WAYE Radio, Baltimore, Maryland. JOHN CLARK, ROBERT WEBB started the program with PETER GAMBLE at 3:00 plm. to discuss the policy of the BPP. The major portion of the program was spent with CLARK and WEBB discussing how they became interested in the BPP, eventually leading to their becoming members. The program then entered into a discussion of the Ten Point Program, which makes up the platform of the BPP.

It was not until 5:10 p.m. that ELHERT HOWARD appeared and continued the discussion of the Panthers' Ten Point Program. HOWARD spoke on the program only 20 minutes and ended the program by advertising the Mational Press Conference to announce the date and place of the Revolutionary Peoples Constitutional Convention. This press conference was held at the Lincoln Memorial, Washington, D.C. on 6/19/70.

The overall rhetoric of the program was mild.

APPENDIX

BLACK PANTHER PARTY, Also Known As Black Panther Party for Self-Defense

According to its official newspaper, the Black Panther Party (BPP) was started during December, 1966, in Oakland, California, to organize black people so they can take control of the life, politics and the destiny of the black community. It was organized by Bobby Seale, BPP Chairman, and Huey P. Newton, BPP Minister of Defense. Newton was sentenced in 1968 to serve 2 to 15 years after being convicted of manslaughter in connection with the killing of an Oakland police officer.

The official newspaper, "The Black Panther," which further describes itself as the "Black Community News Service," states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to in the publication as "pigs" who should be killed.

"The Black Panther" issue of September 7, 1968, contains an editorial by BPP Minister of Education, George Mason Murray, which ends with the following:

"Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is a revolutionary culture. Change. Freedom everywhere. Dynamite! Black Power. Use the gun. Kill the pigs everywhere."

Included in the introduction to an article appearing in the October 5, 1968, edition of "The Black Panther" is the statement "...we will not dissent from American Government. We will overthrow it."

Issues of "The Black Panther" regularly contain quotations from the writings of Chairman Mao Tse-tung of the People's Republic of China and feature Mao's statement that "political power grows out of the barrel of a gun."

The national headquarters of the BPP is located at 3105 Shattuck Avenue, Berkeley, California. Branches have been established at various locations throughout the United States.

DETAILS:

BA 157-3241 DETAILS: REVOLUTIONARY PROGRAM AND POLICIES AS EXPRESSED I. BY BLACK PANTHER PARTY LEADERS A characterization of the Black Panther Party (BPP) is contained in the appendix. On June 14, 1970, persons identifying themselves as JOHN CLAPK, ROBERT WEBB, ELBERT "BIG MAY" HOWARD appeared on the PETER GAMBLE Show, Radio Station WAYE, Baltimore, Maryland. JOHN CLARK and ROBERT MEBB started the program with PETER GAUBLE at 3:00 p.m. to discuss the policy of the Black Panther Party. The major nortion of the program was spent with CLARK and WEBD discussing how they became interested in the BPP and eventually leading to their becoming members. WEBB was heard to sav after he had spent approximately one year in Wietnam with the United States Army, that he could not take killing any more. He stated that he told his commanding officer to take him out or he would lav his rifle down and start walking. He also stated that he would go over and fight for the Viet Cong before he would fight any longer for the United States Army. He stated he received an honorable discharge from the Army. The program then entered into the discussion of the ten-point platform of the BPP. In discussing Point #1, CLAPK was heard to say that the "police are in our community as armed troops," and that he was for the removing of the police from the black community completely. He stated that the police were there only to watch the black meonle, not to serve them. He described the police as "pigs" and stated that his people could not be free until this "enemy" leaves the black community. In discussing Point #2 of the platform, CLARK was heard to say that if the government and businessmen

BA 157-3241 did not give neonle jobs, then control should be taken out of their hands and turned over to the people so that everyone would have a job. It was not until 5:10 p.m. that ELBERT HOWARD appeared and continued the discussion of the Panthers' ten-point program. After HOWARD read six points of the ten-point program, he stated the black man did not have to fight in any war, and that "our fight is here in America." After reading Point #7, HOWARD stated that everyone had a right to have a shotgun in his home and that it was the policy of the BPP that any member would be expelled from the Party who fails to protect his property regardless from whom. He made mention in that regard to "criminals masquerading in police uniforms." HOMARD spoke on the program for only twenty minutes and then ended the program by advertising the National Press Conference to announce the date and place of the Revolutionary People's Constitutional Convention. He stated that at this Revolutionary People's Constitutional Convention, the Constitution would be rewritten so as to relate to the blackman. He stated that genocide was taking place against the black people in this country and if the black neonle cannot obtain a change by changing the Constitution, they may as well commit reactionary suicide. He stated that if the "NIXON, AGNEU, HOOVER, MITCHELL regime" did not heed their words, then "we will choose a reactionary method of suicide." JOHN CLARK was introduced as the Defense Captain of the Baltimore Chapter of the BPP and ROBERT WEBB was introduced as a member of the BPP, who has traveled from - 3 -

BA 157-3241 California to New York to participate in the preparation for the Revolutionary Constitutional Convention; and ELBERT "BIG "AN" HOWARD was introduced as the Danuty Minister of Information of the BPP and Managing Editor of the "Black Panther." The program ended at 5:30 n.m. (Special Agent of the Federal Bureau of Investigation (FBI) on 6/14/70)

FOIA(b)(7) - (D) BA 157-3241 advised the following: He stated on the military level that he believes that the BPP is developing an underground system which will become a real problem to this country sometime in the future. He stated that he did not have much information as to the make-up of the underground or to the individuals participating in the underground but stated that most had military training. He did mention DOWALD COX/as an individual likely participating in the underground and stated that he felt that COX would have left/this country regardless of whether there was a warrant for his arrest, or not. He stated that he believes that the underground receive most of their training in foreign gountries and then return to this country to train individuals as to querilla warfare.

BA 157-3241

In late July, 1969, JOHN CLARK, who had a warrant for his arrest in California, arrived at the Baltimore Chanter and took charge. stated that the Panthers use the Breakfast Program to fool the black community into believing that the BPP is good and to cover their real function in the community. He feels that the BPP's rhetoric of hate and violence has the effect on young children as to inciting them to hate. He stated that the BPP leads to the corruption of minors in the black community and to the confusion of the black community, giving them only a violent way out. He stated that he could not support the BPP because he had seen the hideous things that it could do.

He stated that at one time some Panthers had contemplated killing WAPPEN HART because HART had joined STOKELY CAPMICHABL. He stated that CAPMICHAEL formed the BPP and that the BPP still follows some of CARMICHAEL's policies, especially the excluding of white people from the organization. He stated, to his knowledge, CARMICHAEL has no connection with the BPP at present.

(By a Special Agent of the FBI on 6/26/70)

FOIA(b)(7) - (D) BA 157-3241 urnished in formation as follows: stated he felt the App/in/Baltimore originally was organized from members of the Soul School and was originally known as the Bast Side BPP. The East Side BPP was not officially recommized by the Oakland, California Chanter, headquarters of the BPP. stated Captain WARREN HART, former head of the BPP, traveled to Oakland and finally received recognition as the official/charter. could not give the exact date as to the occurrence of this event. Texplained that the requirements to be a member were to/attend a six-week nolitical education program; to know by memory the Men Point Program as listed in the official BPP paper; to be able to explain the program to "street, hoomle" and to read "an Tse Tung, or otherwise known as the "ed Book" The Red Book was to be carried on the person at all times. advised that the rules were lax; however, and he never really took a formal examination in this regard. He stated he did not believe an official constitution had ever been drawn up either by the local Balfimore Chapter or the Panther Waadquarters at Oakland. went on to explain that it was his understanding that the Ten Point Program had been initiated because of its simplicity/and direct bearing on the "street meonle" who would understand it. explained that he never really believed in the political philosophy of the BPP and joined because at first, it was respectable to be a Party member and he

could become nonular with local girls.

advised that at the conception of the BPP, it was respected by black members of his community due to the fact that the Fanthers "talked back to police on the street, bailed people out of jail and had a simple Ten Point Program." However, as the Party became more and more violence prone, the black community lost respect. said the Party was As to organization, composed of approximately 75 to 100 members one year ago; 20 being Lard-core militants who fully believed in the philosophical and revolutionary tendencies as espoused by advised ne believes present leagership; the Party. in the Brr actually believes in a Black Supremacy and an eventual dictatorship being set up by party officials when "the Revolution comes." stated the Panther hardcore militants also believe in a violent revolution and think "guns" are the answer to their problems.

advised most members of the BPP are "young cats" who do their "other to he most of the time and attend Farty lectures and visit headquarters for status and lack of something better to do. He said a large percentage of members are coming from the military establishment after completing their service obligation. Due to this fact, stated the BPP has been incorporating military channels of discipline and communication. further advised some members are on drugs and "you can never tell what they are going to do next."

advised that at the Headquarters of the BPP, which was formerly on 1209 Eden Street, Ealtimore, members of the Party would talk about killing cops and look out the windows when police cruisers went by. He advised that it didn't make any difference if the cops were known to them or not. He said that they would "talk big" when together and a number of them would be under the influence of drugs. He further advised numerous .38 caliber pistols were available at Headquarters, as well as two M-16 rifles. He stated he did not know the source of these weapons.

He said there was a definite possibility of violent acts that could be carried out if the Party felt they could get away with them. advised the hard-core militants of the BPP never seemed to think things out and were irrational in their thinking. He stated that since the arrests of HUEY NEWTON and BOBBY SEALE, the Party has begun to fall off from its effectiveness and he felt it was definitely on its way down. He felt that all of the high echelon leaders had either been arrested or were in hiding or had left the Party. He further said black people were disgusted because the Party did not think and would make stupid moves."

(By a Special Agent of the FBI on 6/26/70)

## III. TEACHING OF REVOLUTIONARY PROGRAM

On June 9, 1970, members of the BPP held a meeting at 1202 N. Gay Street. The topic of discussion was centered around the shooting of suspect DONALD POWELL by a Police Officer on May 23, 1970.

During the discussion they discussed their desire to stop the police from terrorizing black neighborhoods.

The mass march and demonstration which took place in Washington, D. C. on the 19th of June was also discussed. They said that if the march and demonstration does not bring about a change, other measures will be taken.

#### ATTEMPTED MUDDER !

IN THE EARLY MORNING HOURS OF SATURDAY, MAY 23, 1970 A MAD RACIST DOG POLICEMAN ENTERED THE CLACK COMMUNITY OF SOUTH CALTIMORE WITH ONE PURPOSE IN MIND, TO KILL AND DESTROY ANYTHING WITH PLACK SKIN. DONALD POWELL WAS ON THE COPNER OF HAMPURGER AND SHARP STREET AT APPROXIMATELY 5:45 A.M. WHEN THIS SCURVY PIG ROLLID ONTO THE CORNER. HE IMMEDIATELY PULLED HIS PIG .38 WITHOUT ASKING ANY QUESTIONS. KNOWING THE SHOOT TO KILL NATURE OF THE PIG, THE DROTHER TRIED TO GET OUT OF THE PIG'S WAY. THE RACIST POLICEMAN DEGAN CHASING THIS PROTHER AS THOUGH HE WAS A CONVICTED CRIMINAL. AT TIMES THE RIG WAS WITHIN FIVE FEET OR CLOSER TO DONALD. PUT ARREST-ING THE PROTHER WAS NOT THE INTENTION OF THIS LOW-LIFTED DOG: HIS INTENTION WAS II. KILL OR MAIM! THE PIG CHASED DONALD INTO A VACANT LOT, WHERE DONALD SLIPPED ON SOME GLASS AND FELL. THE PIG STOPPED WITHIN FIVE FEET, TOOK CAREFUL AIM AND FIRED TWO SHOTS, HITTING DONALD ONCE NEAR THE PASE OF THE SPINE AND ONCE IN THE LEG. THE PIG CLAIM CONALD WAS BEING CHASED RECAUSE OF AN EARLY MORNING BURGLARY. IS THIS THE WAY TO JUSTIFY ATTEMPTED MURDER? AND EVEN SO, NO ONES' LIFE WAS IN DANGER NOT EVEN THE PIG'S ! THIS IS CLEAR RECAUSE EYEWITNESS WERE ON THE SCENE AT THE TIME OF THE SHOOTING AND SAW DONALD RUNNING FROM THE PIG. IT SHOULD ALSO BE CLEAR TO THE PEOPLE OF PALTIMORE THAT THIS IS THE SAME TYPE OF DEAL THAT WENT DOWN IN AUGUSTA, "GEORGIA, THE SAME ALSO AS MIAMI, THE SAME COLD CLOCDED RACIST MURDERS AND ATTEMPTED MURDERS THAT OUR PEOPLE HAVE BEEN SUBJECTED TO FOR 400 YEARS. DONALD IS NOT THE FIRST BLACK YOUTH TO BE SHOT IN COLD FLOCD BY THE VICTOUS RACIST PIGS OF THE SCUTHER POLICE DISTRICT. BUT HE CAN BE THE LAST IF THE PEOPLE OF SOUTH DALTIMORE START TO REPAY THE PIGS IN THE VERY SAME COIN THAT HE HAS USED ON US...THE GUN! THE RACIST DOG POLICEMAN MUST WITHORAW INMEDIATELY FROM OUR PLACK COMMUNITIES; CEASE THEIR WANTON MURDER AND PRUTALITY AND TORTURE OF PLACK PEOPLE; OR FACE THE WRATH OF THE ARMED PEOPLE!

In the June 13, 1970 issue of the "Black Panther" an article was written by the Community Information Center of the Baltimore Chapter concerning the above mentioned incident.

#### TO THE PEOPLE OF O'DONALD HEIGHTS

Ca the June 12, 1970, the Black Panther Party was intormed that Black people's life living in the O Donald Heights area is in jeparty. After learning this an investigation was conducted, and from our investigation we learned that Mrs. Katie Wilson, her son William Brown age 14, and her daughter age 17 were attacked by white racist and were brutally beaten.

Williams Borwn was hit just above the temple with a "car jack" as he bravely step in front of his mother to protect her from being hit with the same object. Williams was within inches of loosing his life. Mrs. Katie was hit with a bettle that was thrown at her, causing serious damage to her leg, the daughter Catherit Er wn manage to escape by running, she was not injuried.

Mrs. Katie is a willow, and from my investigation she doesn't bother anyone, however these 15 to 20 white racist that attack these three black people with intention of murder, prove for beyond a doubt, that something has to be done in order to stop the murder, brunklity and terrorization of our people by white racist all across this sick and decadent nation.

after the pigs (Police) arrived on the set they were only concerned about the protection of the attackers. They cared less about Mrs. Katie and her family. Mrs. Katie's life has been threaten, if she testify against these racist. The pigs told her if she wanted their protection she would have to go to bed with them. This prove once again how low lifted and corrupt these fascist pigs are.

I would like to say at this time that my investigation through talking to Black and White points to a small group of John Bircher, that live in the 1200 block of Wohler Street.

The Black Panther Party Chapter of Baltimore is taking a firm stand where as if Mrs. Katle an family or any other Black people are attacked by those Birchers.

OUR ANGER CRY FOR VENGEANCE SHALL BE COLD AND DEADLY

ALL POWER TO THE PEOPLE

BOBBY SEALE CHAIRMAN JUNE NINETEENTH IN WA SHINTON, D.C.

HUEY P NEW TO

THE BLACK PANTHER PARTY IS CALLING FOR A MASS MARCH AND DEMONSTRATION AT THE LINCOLN MONUMENT IN WASHINGTON, D.C. ON JUNE 19TH, AT WHICH TIME THERE WILL BE A NATIONAL PRESS CONFERENCE. AT THIS PRESS CONFERENCE, THE BLACK PANTHER PARTY WILL MAKE A MAJOR ANNOUNCEMENT, EXPLAINING A REVOLUTIONARY PEOPLE'S CONSTITUTIONAL CONVENTION. JUNE NINETEENTH, OR DAY OF JUBILEE IS THE DATE THAT ABRAHAM LINCOLN WAS SUPPOSED TO HAVE FREED BLACK PEOPLE THROUGH THE EMANCIPATION PROCLAMATION IN 1863.

THE YEAR IS NOW 1970 AND WE CONTINUE TO REALIZE THAT BLACK PEOPLE IN

AMERICA ARE STILL NOT FREE. IT HAS BEEN MADE VERY CLEAR THAT THE BLACK MAN

HAS NO RIGHTS THAT A WHITE MAN IS BOUND TO RESPECT. FROM THE DRED SCOTT

DECISION OF 1857 TO THE BINDING AND GAGGING OF BOBBY SEALE IN THE COURT ROOM AND

PREPLANNED MURDER IN THE ELECTRIC CHAIR, THERE HAVE BEEN AND STILL ARE BLATANT

AND OVERT VIOLATIONS OF THE LEGAL, CONSTITUTIONAL AND HUMAN RIGHTS OF BLACK

PEOPLE IN THIS COUNTRY. THIS HAS TO BE STOPPED, AN END HAS TO BE PUT TO IT NOW.

SO WE CALL ON ALL ORGANIZATIONS AND INDIVIDUALS TO COME TO WASHINGTON, D.C. ON

THE 19TH OF JUNE, TO HELP TO ORGANIZE A REVOLUTIONARY PEOPLE'S CONSTITUTIONAL

CONVENTION. NOW IS THE TIME WHEN WE MUST STOP THE MISUSE OF THE CONSTITUTION.

NOW IS THE TIME TO CHALLANGE THE DOCUMENT THAT ALLOWS THE PIGS TO MURDER ON

## Wilmington, Delaware

Approximately five or ten individuals are using some BPP slogans, mannerisms and dress and are active in the selling of the BPP newspaper in Delaware, but a chapter of the BPP or NCCF is not recognized in Wilmington to date. ## Public Appearance

On 7/30/70, JOHN CLARK, Defense Captain, Baltimore Chapter of the BPP, was to be tried on the charge of Possession of a Deadly Weapon. #### BEWARE OF THE MASS MEDIA

The Black Panther Party Chapter, of Baltimore, Maryland would like at this time to inform the broad masses of Baltimore and the nation that, the lies that are being perpetrated against

members of our organization must be given careful study.

It is a fact that the power structure is moving to destroy black people liberation struggle, therefore we must not allow curcelves to be lead to the claughter house by believing in lies. History teaches us that capitalism is a system of apprecision, where as exploitation of man by man is sure to reach it doom, once the masses of apprecised people consciousness has given rice to the level of understanding, as to how they are being apprecised and who the apprecisor is.

Today the masses have learned that the oppressor is the power structure (the big families)

and they are being exposed for what they really are and that enemies of the people.

The Black Pancher Party is asking of you to be aware of the mass media for they work

hand in hand with the oppressor, to keep oppressed people in bondage.

The mass middle have constablly been pulling out lies to the people concerning the April 30, 1970 conspiracy where as members of our party have been charged with kidnapping, torture, murder and mayhem in the case of Eugene Anderson. We as black people are poor and in pain because we believe in what ever the ruling class passed on to us, we excepted without questioning whether what was said was right or wrong, this we must get away from if we intend to continue existing as a nation of black people.

Let us not forget that just before the big bust April 30, 1970, it was the mass media that inflame the minds of the masses to try and turn them against our organization by stating that we were passing out hate literature, this went on for about two weeks and then all hell broke loose. We are faced with the same thing today whereas Hoover, Chief Hog of the F.B.I. is trying with everything in his power to win the minds of the masses to crush the Black Panther Party and

black people struggle for total emancipation.

For 400 years we have been lied to and we listened, however, today is a new day, and a new man is on the set with new ideas to lead our people out of this state of bendage which we are now in. I ask that you trust in Husy P. Newton and his followers, support our cause for freedom, this may be the last chance you get.

JOHN GLARK Serveni of the People

From the time John Clerk arrived in Biltimore, "Paint Stealing Pomerleau" set his locast feel routh pigs to work, trying to find ways to rip him off. A victim of consense police harrassment, he was jailed could try to railroad bim on they would place against him. In an effort to destroy John Clark, this harrassment reached a headic pace in December of '69 when the pigs put in many hours overtime trying to exfluence California. Baltimore pigs attempted many times to infailed when California to press for extridiction. These attempts finally leau's mind. Driving him to construct the Daltimore marder conspiracy gun charges. This last 4 included John Clark.

The arrest of John Clark was not enough to satisfy Policileau. His desire to distroy the Baltimare Fonthers drove him to enter into a conspiracy to have John Clark kidnspped back to California.

The people who know John well also know that John is no more a burglar than Nixon is a servant of the people. Both are false fabrications. The broad masses realize that John would not steal from them, the people. They also realize that Nixon and his local lenchmen like Pomerleau will never serve them, the people.

John has been instrumental in maintaining the people's Free Breakfest Program, also he worked extra hard to see that two locations for the people's Free Clothing Program be established. When he was kidnapped, he had laid the foundation for a people's Free Medical Center.

The pigs know that John loves all poor and oppressed people and that he has vowed to end their wretched existence and light the path to a new and better way of life, because he stands as an obstacle in the path of all those who rob, cheat and kill our people. John Clark has been kidnapped by a slave catcher.

We say the time has come when the slavemaster lackeys and tools (Pomerleau, Hog J. Edgar Hoover) must be smashed into the dust of history. We see the repeated attempts to destroy the Black Panther Party by ripping off our leadership as a futile attempt to destroy the vanguard of the people's liberatopn movement. And the attempts only prove that the enemy of the whole world (racist, greedy pigs) no nothing whatsoever about the people's war. A war that is waged by the people to insure justice for the people.

John Clark's constant efforts to set people free were not mere vocalizations of thought. He realized as you well should if it were enough for Black people to verbally declare justice and have it done, stout Black voices long ago elequently stating the justice of our cause would have been able to lead us out of bondage. But this has not, nor will it ever be true. The very racist history of this Babylonian freak government has clearly shown Black people that vocalizations of our desires go unheard or ignored day after day and year after year. Realizing this John L. Clark started puting theory into practice in Baltimore and as a result of this the people loved John Clark and he loves them. The people's power will set John Clark free and toward this cod, we shout on and on All Power to the People!

DEATH IN THE STAVENASTERS, STAVE CATCHER, AND FASCIST PIGS!

FREE JOHN CLARK!

# BLACK PANTHER PARTY, Also Known As Black Panther Party for Self-Defense

According to its official newspaper, the Black Panther Party (BPP) was started during December, 1966, in Catland, California, to organize black people so they can take control of the life, politics and the destiny of the black community. It was organized by Bobby Seale, BPP Chairman, and Huey P. Newton, BPP Minister of Defense. Newton was sentenced in 1968 to serve 2 to 15 years after being convicted of manslaughter in connection with the killing of an Oakland police officer.

The official newspaper, "The Black Panther," which further describes itself as the "Black Community News Service," states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to end oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to in the publication as "pigs" who should be killed.

"The Black Panther" issue of September 7, 1968, contains an editorial by BPP Minister of Education, George Mason Murray, which ends with the following:

"Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is a revolutionary culture. Change. Freedom everywhere. Dynamite! Black Power. Use the gun. Kill the pigs everywhere."

Included in the introduction to an article appearing in the October 5, 1968, edition of "The Black Panther" is the statement "...we will not dissent from American Government. We will overthrow it."

Issues of "The Black Panther" regularly contain quotations from the writings of Chairman Mao Tse-tung of the People's Republic of China and feature Mao's statement that "political power grows out of the barrel of a gun."

The national headquarters of the BPP is located at 3105 Shattuck Avenue, Berkeley, California. Branches have been established at various locations throughout the United States.

# LEADERS CONTRACTOR

JOHN L. CLARK, Defense Captain, BPP, Baltimore, was arrested and removed by Bail Bondsman from Baltimore, Maryland, to Los Angeles, California on August 11, 1970. Bail has not been raised and CLARK is presently incarcerated in jail in Los Angeles, California. He is being charged with second degree burglary.

WILLIAM PAUL COATES is presently acting as Defense Captain, Baltimore BPP, but he faces local charges for possession of a deadly weapon and assault and is presently out on bond.

STEVE Mccurcheon, Minister of Information

VICTOR DELLY, Minister of Finance.

Warrants are outstanding at present for VICTOR DELLY and STEVE McCUTCHEON in connection with the murder of EUGENE LEROY ANDERSON in the summer of 1969.

They are not actively engaged in the activities of the Baltimore Chapter and have not been seen in this division since warrants for their arrest have been issued in April, 1970.

## BPP PAD - BALTIMORE, MARYLAND

933 S. Sharp Street, Baltimore, Maryland, has been utilized as a pad and a community information center for the South Baltimore area. COATES, before taking charge of the Baltimore BPP Chapter was in charge at this address and since his becoming active as the head of the BPP in Baltimore, Maryland, activity in this area has decreased.

1234 N. Gay Street, Baltimore, Maryland was rented by the Baltimore BPP as a proposed location for a Free Medical Clinic, but since CLARK's arrest, no activity has been noted at this address.

## BPP COMMUNITY ACTIVITIES AND OPERATIONS WITHIN BALTIMORE

St. Martin de Porres Center is being used by the Baltimore Chapter of the BPP on a regular basis to conduct a Free Lunch Program in the summertime and a Free Breakfast Program during the winter months.

The August, 1970 issue of "Baltimore", a magazine sponsored by the Chamber of Commerce of Metropolitan Baltimore, contains an article by NANCY B. GABLER entitled, "Who Are These Black Panthers and What Do They Really Want." This article dealt with an interview of JOHN CLARK, wherein CLARK stated that "the Baltimore Chapter operates a Free Breadfast Program during the school year and a Free Lunch Program during the summer months in the basement of St. Martin de Porres Church. The Panthers can feed as many as 200 children with food donated by area merchants. The local merchants do not really want to do this, but feel that since they make their living off of the poor people, it is not too much to ask that they put a few dollars back into the community to feed hungry children. If they refuse to donate we throw up a picket line and urge black people not to patronize them."

The article further stated that CLARK advised that indoctrination accompanied the Free Breakfast Program stating, "We try to educate the children as to what our Ten Point Platform is all about. It is true that we have told them that in order for black people to survive, we have to take up guns for self defense. We see nothing wrong from that. Their minds must be prepared now so that they will understand the struggle."

Even though CLARK in the above mentioned article stated that they could feed up to 200 children, the attendance is much smaller.

LEADER

JAMES ELLIS REED, JR.

JAMES REED on 8/6/70 stated that the Dover, Delaware Branch of the NCCF had disbanded.

There has been no activity on the part of the Dover NCCF Chapter in August, 1970, and the only Panther activity has been in the area of Wilmington, Delaware.

### ANNAPOLIS, MARYLAND

ALLEN SALISBURY and DARA DAVIDSON have returned to the Baltimore area and are no longer attempting to organize an organization related to the BPP or the NCCF at Annapolis.

## WILMINGTON, DELAWARE

There have been numerous shipments of the "Black Panther" newspaper to Wilmington, Delaware through the Philadelphia Airport, usually consigned to EREVU S. HARIOKI, 2419 W. 2nd Street, Wilmington, Delaware. EREVU has been in contact with the Black Panther Party National Headquarters in San Francisco.

On August 24, 1970, Special Agents DONALD EUGENE BURKS and LEWIS W. HYDEN, II interviewed ISAAC WILSON, JR., aka Erevu S. Harioki. WILSON stated in the interview that he had never been in contact personally, or telephonically with any individual or organization

concerning the acquiring of large quantities of newspapers for distribution, that he had never been in contact with the BPP Headquarters in San Francisco, California. He admitted that he was a sympathizer of the BPP; however, he did not care to characterize himself as a member and stated he was not aware of any locations in Wilmington, Delaware where quantities of the BPP type of literature can be obtained. He did admit to using the alias EREVU.

In the August 8, 1970 issue of the "Black Panther", an article entitled, "Repression of the Black Panther Newspaper by the National Distribution, Black Panther Party," mention is made of two "brothers" in Wilmington, Delaware, who were jailed just this afternoon (8/3/70) for selling the newspaper.

They were DONALD BOYER, age 22, and age 17, and they were charged with selling papers without a license.

FOIA(b)(7) - (C) FOIA(b)(6)

Considering the above, it is obvious that individuals sympathetic to the Panthers are operating within the Wilmington, Delaware area, but they continue to operate in a clandestine manner. The only function that they participate in is that of selling the newspapers. From information we have, WILSON is their leader, but as the above mentioned interview reflects, he refuses to admit to an organized BPP, or NCCF Chapter within the Wilmington, Delaware area.

Baltimore is continuing to follow the developments of a potential NCCF Chapter in Wilmington, Delaware.

#### ROCKVILLE, MARYLAND

Panther members from the Washington, D. C. Chapter of the BPP have been selling the "Black Panther" in Rockville and attempting to generate interest in the BPP.

GEORGE PUMPHREY and PAUL PUMPHREY have been active in the Washington, D. C. Chapter of the BPP, have been in the forefront in attempts to create racial incidents in confrontations with the police. There have been indications that Panthers have visited and written inmates of the Patuxent Institution, Jessup, Maryland and the Maryland Correctional Training Center, Hagerstown, Maryland. These contacts are usually made on individual basis and directed to particular inmates within the prison to indoctrinate inmates to the Panthers philosophy. Literature has been confiscated at the Maryland Correctional Institute of the Panther type literature.

A letter from MAURICE LAWRENCE, BPP, Washington, D. C. directed to an inmate has been intercepted at Patuxent Institution through their monitoring system. The letter mentions JONATHAN JACKSON, JAMES McCLAIN, and WILLIAM CHRISTMAS, who were killed at the Marin County's Mall of Justice in San Rafael. California. He states in the letter "revolutionary positions must be taken by you brothers inside the jails. You must not hesitate to defend yourself against unwarranted attacks." He asked the inmate to try and show the letter to some more of the "brothers." He requests information concerning inmates and their sentences.

No chapter of the NCCF or Black Panthers have been organized as of this date in the Rockville area.

#### PUBLIC APPEARANCE

None.

FOIA(b)(7) - (C) FOIA(b)(6)

## Arrests and Convictions

Police Department and charged with selling papers without a license. No disposition at this time.

#### ACQUISITION OF WEAPONS

No large arms cache exist in Baltimore, but a number of the members have handguns, two of which were observed on August 31, 1970 when tensions were high concerning the arrests of Black Panthers in Philadelphia. Information had been received earlier that as many as three rifles had been observed in meetings held by BPP, Baltimore. These rifles were of the bolt action type.

#### FUNDS

The account of the BPP located in the Union Trust Company, indicates that there were no withdrawals or deposits made during the month of August, 1970. This amount leaving an ending balance of \$17.70.

The main source of funds continues to be the sale of newspapers in the Baltimore, Maryland and Wilmington, Delaware area.

A sympathetic group, calling themselves the Coalition to Support the Panthers, also known as the Committee to Defend the Panthers and Mother Jones Collective, is run by DAVID MATTHEWS and MARY MATTSON. They are mainly involved in attempts to collect money to be used on behalf of JOHN CLARK for bond money.

As of August 15, 1970, they had collected approximately \$500.00 in donations from various sources. The money is maintained at 1823 W. Lombard Street, Baltimore, Maryland, which is the Mother Jones Information Center, and a commune for this group.

## ACTIVITIES DURING AUGUST, 1970

The Baltimore Chapter of the BPP continues to conduct political education meetings at their headquarters located at 1248 N. Gay Street, Baltimore, Maryland, and on occasion at 933 S. Sharp Street, Baltimore, Maryland.

These meetings are not conducted on a regular basis.

On August 14, 1970, approximately 25 Panther sympathizers stationed themselves around the Baltimore Civic Center and attempted to solicit funds for the bail of Black Panther JOHN CLARK from the Panthers attending the Santanna Rock Concert. No disorders resulted and informed sources report their efforts were generally unsuccessful.

On August 31, 1970, a picket was set up in front of the Baltimore City Jail. This picket was sponsored by the Coalition to Support the Panthers and supposedly was a joint affair by the Panthers and the predominantly white Coalition to Support the Panthers.

Only a few of the BPP members attended the picket which climaxed with a rally on September 1, 1970 at 7:00 p.m. The attendance was small and the overall picket and rally was considered unsuccessful. Due to the lack of support by the Panthers, dissension arose within the ranks of the Mether Jones Collective. MARY MATTSON continues to be the one individual most Vocal in her support for the Panthers.

During the week of August 3 thru August 7, 1970, several pamphlets pertaining to the BPP were found on the lower compound of the Maryland Correctional Training Center, Hagerstown, Maryland. These pamphlets were possibly furnished to inmates by individuals visiting inmates as legitimate visitors.

(Mr. ROBERT W. McCOLLEY, Superintendent, Md. Correctional Training Center, 8/10/70)

On August 24, 1970, while monitoring the incoming mail for inmates at the Patuxent Institute, Jessup, Maryland, a letter directed to JAMES BRODLY, an inmate at Patuxent, was opened, and the contents were of a revolutionary nature. The original of the letter was placed in the personnel file of JAMES BRODLY and marked "undesirable for distribution". A copy of this letter is set forth:

Three rifles were displayed, and a discussion was conducted regarding the operation of these weapons. Approximately ten persons attended the meeting.

8/10/70)

In the August 1970 issue of "Baltimore" Magazine, a local magazine sponsored by the Chamber of Commerce of Baltimore, Maryland, an article appeared entitled "Who Are These Black Panthers and What Do They Really Want?" by NANCY B. GABLER. This article concerned itself with an interview by Miss GABLER with JOHN CLARK, Defense Captain, Baltimore BPP. In discussing within this article the free breakfast program, CLARK stated the following:

"People have been misinformed on this. They think we teach the kids to kill Whitey. This is just more madness. We try to educate the children as to what our ten-point platform is all about. It's true that we have told them that in order for the Black people to survive we have to take up guns for self defense. We see nothing wrong in that. Their minds must be prepared now so that they will understand the struggle."

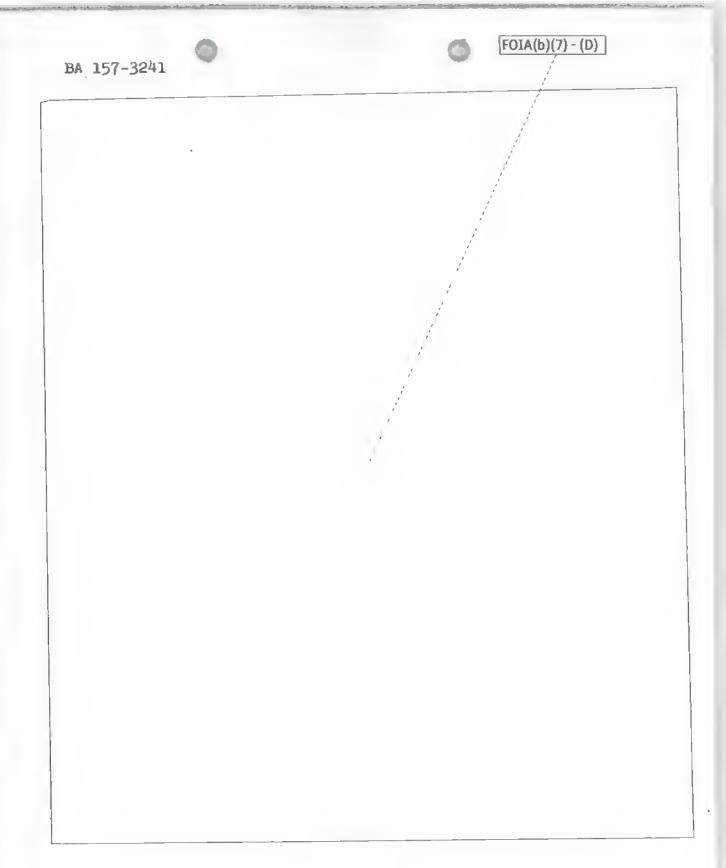

There are large pictures of CHE GUEVERA and BOBBY SEALE on the walls of the church basement. The older children explain who these men are and what they stand for. The kids chant, "All power to the people--Black Panther Party--Right on." And, "One, two, three, four--we don't want no more war."

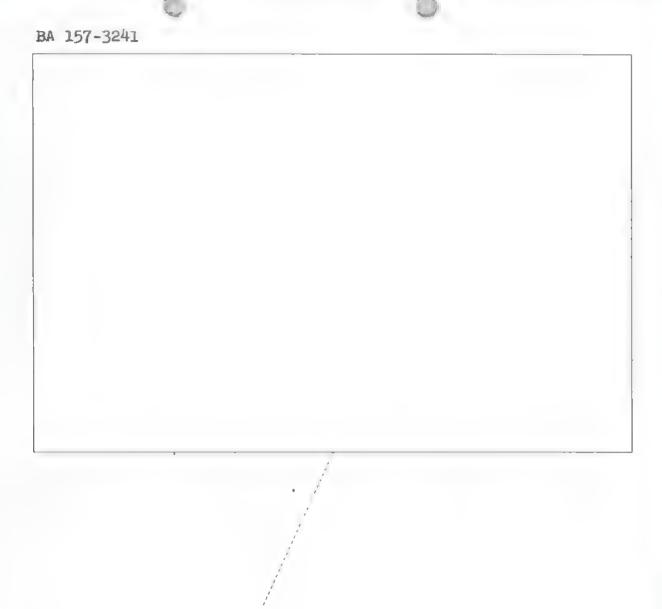

black people that white America feels so threatened by? CLARK will say only that the party encourages black people to have--at the minimum--a shotgun in their homes. "As far as whether or not we have a whole arsenal of weapons hidden here in the colony, I can't go into that".

APPENDIX O COMPANIA

# BLACK PANTHER PARTY, Also Known As Black Panther Party for Self-Defense

According to its official newspaper, the Black Panther Party (BPP) was started during December, 1965, in Oakland, California, to organize black people so they can take control of the life, politics and the destiny of the black community. It was organized by Bobby Seale, BPP Chairman and Eucy P. Newton, BPP Minister of Defense. Newton was sentenced in 1968 to serve 2 to 15 years after being convicted of manslaughter in connection with the killing of an Oakland police officer.

The official newspaper, "The Black Panther," which further describes itself as the "Black Community News Service," states that the BPP advocates the use of guns and guerrilla tactics in its revolutionary program to and oppression of the black people. Residents of the black community are urged to arm themselves against the police who are consistently referred to in the publication as "pigs" who should be killed.

"The Black Panther" issue of September 7, 1968, contains an editorial by BPP Minister of Education, George Mason Murray, which ends with the following:

"Black men. Black people, colored persons of American, revolt everywhere! Arm yourselves. The only culture worth keeping is a revolutionary culture. Change. Freedom everywhere. Dynamite! Black Power. Use the gun. Kill the pigs everywhere."

Included in the introduction to an article appearing in the October 5, 1968, edition of "The Black Panther" is the statement "...we will not dissent from American Government. We will overthrow it."

Issues of "The Black Panther" regularly contain quotations from the writings of Chairman Mao Tse-tung of the People's Republic of China and feature Mao's statement that "political power-grows out of the barrel of a gun."

The national headquarters of the BPP is located at 3105 Shattuck Avenue, Berkeley, California. Branches have been established at various locations throughout the United States.

Highly placed source recently advised Los Angeles BPP manbers were districted by " " leader not to consider themselves Black Panthe .. bry lenger, but sloply "Ger unity Workers." The reasoning for so a was police and other elements of "pla engillingment" were less limily to be hintile woward consent ident fring himself as co-unity worker then to are ever who identified but celt as a Black Pancher. The community wormer tabel was also expected to gain more special for Penth was and their philosophy in black it community at large. In case of Los Angeles Chapter, only exceptions to grove policy were seven warrers of Central Committee of Los Angeles 222 the would continue to be known as Black Pauthors. and govern activities of community workers.

SUBJECT:

BLACK PANTHER PARTY - Dover, Delaware

Re Bureau airtel, 5/13/70 and Baltimore report of BYREN FOY, 9/18/70, captioned, "Black Panther Party-National Committee to Combat Facism, Baltimore Division Racial Matters - BPP."

This case was initially opened under Bureau instruction in re Bureau airtel which followed publication of an article in the Black Panther Party (BPP) newspaper indication the formation of a BPP chapter in Dover, Delaware.

A prior case had been opened on JAMES ELIAS REED, JR., BA 157-4619, who is a proclaimed Panther and chairman of the National Committee to Combat Facism, (NCCF), Dover, Delaware. Identities of sympathizers had previously been obtained and separate cases opened on each of the participants. REED has been recommended for inclusion in the Security Index.

Inquiry has indicated that there is no current Black Panther Party activity in Dover, Delaware and REED has stated to interviewing agent as well as BPP officials that the NCCF Chapter has disbanned.

There is no question that REED is a dedicated militant revolutionary and because of this, it is recommended that he be included in the Security Index. He has no following, however, and has been described as a "lunatic."

SA FOY has been incorporating data concerning the BPP in his reports which he submits regularly on BPP activity throughout the Baltimore Division.

I. REVOLUTIONARY PROGRAM AND POLICIES AS EXPRESSED BY BLACK PARTHER PARTY LEADERS

A characterization of the Black Panther Party (BPP) is appended hereto.

A Revolutionary Peoples Benefit Film Showing sponsored by the BPP was held at the St. Martin de Porres Center, Valley and Eager Streets, Baltimore, Maryland, commending at 6:00 p.m., September 20, 1970.

The program was supposed to start at 6:00 p.m. but the event appeared to be unorganized and did not begin until 7:30 p.m.

AFENI SHAKUR, a Negro female, who professed to the one of the New York 21, a rep nomenclature characterizing 21 BPP members of BPP New York who were arrested by the New York City Folice Department on various charges, of which most are presently still in prison, advised "Pigs are running scared in New York and Lew Haven. I hope Baltimore will have pigs running scared also."

She continued that the police department in Baltimore has "set up" local members of the EPP for murder and conspiracy to murder. She said that in New York, it was not a question of her guilt or innocence, but whether or not the courts had the right to try her. No twelve men have the right to decide guilt or innocence, since they have not received the knocks and kicks, nor were they exploited like she was exploited. She further stated that "No black people are criminals; the judges, city, state and federal people are criminals."

SHAKUR stated that "We in Baltimore, as in New York and New Haven, should follow the example of Jonathan Jackson, where he got three of them out of jail. We should plan now on how we are going to knock down the gates and turn all people out of jail. We must be ready to lay our life on the line. With guns you hold a commanding edge, seize the time, all power to the people."

MICHAEL "CETAWAYO" TABOR appeared at the Revolutionary Peoples Benefit Film Showing with AFENI SHAKUR and after SHAKUR spoke, TABOR spoke. He stated that he also was one of the New York 21 and then spoke concerning the Revolutionary Peoples Convention, to be held at Washington, D. C. some day in the future. He stated that if they could not find a large enough place to hold the convention, they would hold it on the White House lawn and send a delegation of people to present it to "Tricky Dick Nixon".

II. ACTS IN FURTHERANCE OF REVOLUTIONARY/PROGRAM AND POLICIES

On September 17, 1970, there was a "Mardnest" meeting, an authorized prison organization set up by prison inmates to give support to the Baltimore Orioles Baseball Team at the Maryland State Penitentiary, Baltimore, Maryland. During this meeting, two BPP pamphlets, one of which was entitled "Education and Revolution" by ELDRIDGE CLEAVER, and the other entitled "On the Ideology of the Black Panther Party", by ELDRIDGE CLEAVER, were distributed.

These pamphlets were brought to the attention of S. R. ROSSWAN of the Penitentiary/ Guard/ Force, Maryland State Penitentiary, by the president of the group on the morning of September 18, 1970.

The individuals bringing pamphlets into the meeting were authorized visitors. They were CONNIE CARTER, also known as Constance Gamble, an active member of the BPP Baltimore, and MARY MATTSON, white female, who is the chairman of the Baltimore Committee to Support the Panthers, which is an organization established primarily to raise funds for the legal expenses of the Baltimore BPP, mainly composed of members of the Mother Jones Collective, a Students for a Democratic Society (SDS) - Revolutionary Youth Movement type commune.

### IV. DOCUMENTS URGING THE REVOLUTIONARY PROGRAM

The pamphlets entitled "Education and Revolution" and "On the Ideology of the Black Panther Party", by ELDRIDGE CLEAVER, distributed to inmates of the Maryland State Penitentiary on September 17, 1970 by CONNIE CARTER and MARY MATTSON, are set forth:

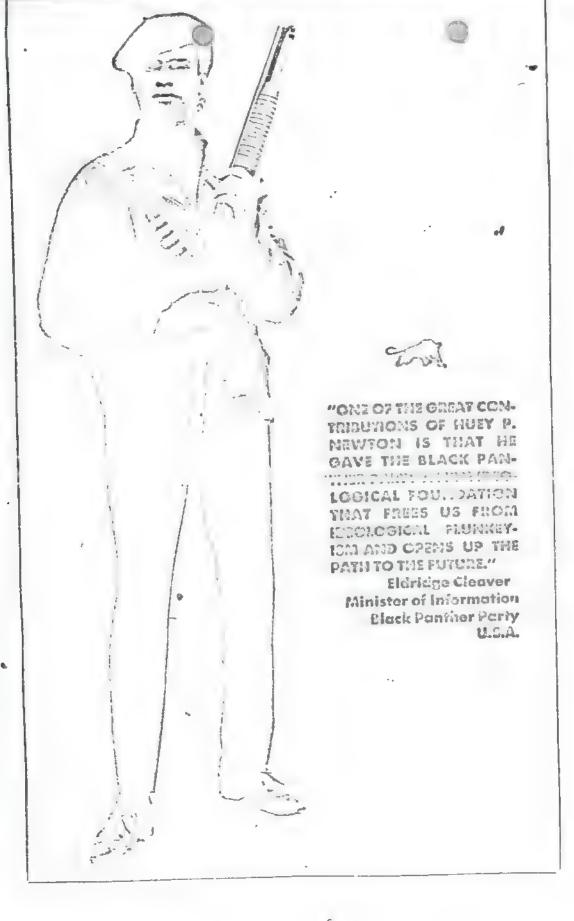

# ON THE IDEOLOGY OF THE BLACK PANTHER PARTY

The following article introduces a new series of articles on the ideology of the Black Panther Party by our Minister of Information, Eldridge Cleaver.

# ON THE IDEOLOGY OF THE BLACK PANTHER PARTY

(Part 1)

### By Eldridge Cleaver

We have said: the ideology of the Black Panther Party is the historical experience of Black people and the wisdom gained by Black people in their 400 year long struggle against the system of racist oppression and economic exploitation in Babylon, interpreted through the prism of the Marxist-Leninist analysis by our Minister of Defense,

Huey P. Newton.

However, we must place heavy emphasis upon the last part of that definition -- 'interpreted...by our Minister of Defense..'. The world of Marxism-Leninism has become a jungle of opinion in which conflicting interpretations, from Right Revisionism to Left Dogmatism, foist off their reactionary and blind philosophies as revolutionary Marxism-Leninism. Around the world and in every nation people, all who call themselves Marxist-Leninists, are at each other's throats. Such a situation presents serious problems to a young party, such as ours, that is still in the process of refining its ideology.

When we say that we are Marxist-Leninists, we mean that we have studied and understood the classical principles of scientific societism and that we have adapted these principles to our own situation for ourselves. However, we do not move with a closed mind to new ideas or information. At the same time, we know that we must rely upon our own brains in solving ideological problems as they relate to us.

For too long Black people have relied upon the analyses and ideological perspectives of others. Our struggle has reached a point now where it would be absolutely suicidal for us to continue this posture of dependency. No other people in the world are in the same position as we are, and no other people in the world can get us out of it except ourselves. There are those who are all too willing to do our thinking for us, even if it gets us killed. However, they are not willing to follow through and do our dying for us. If thoughts bring about our deaths, let them at least be our own thoughts, so that we will have broken, once and for all, with the flunkeyism of dying for every cause and every error — except our own.

One of the great atributions of Huey P. Newton is that he gave the Black Panther Party a firm ideol cal foundation that frees us from ideological flunkeyism and opens up the path to the future -- a future to which we must provide new ideological formulations to fit our ever chang-

ing situation.

Much -- most -- of the teachings of Huey P. Newton are unknown to the people because Huey has been placed in a position where it is impossible for him to really communicate with us. And much that he taught while he was free has gotten distorted and watered down precisely because the Black Panther Party has been too hung up in relating to the courts and trying to put on a good face in order to help lawyers convince juries of the justice of our cause. This whole court hang-up has created much confusion.

For instance, many people confuse the Black Panther Party with the Free Huey Movement or the many other mass activities that we have been forced to indulge in in order to build mass support for our comrades who have gotten captured by the pigs. We are absolutely correct in indulging in such mass activity. But we are wrong when we confuse our mass line with our party line.

Essentially, what Huey did was to provide the ideology and the methodology for organizing the Black Urban Lumpenproletoziat. Armed with this ideological perspective and method, Huey transformed the Black lumpenproletariat from the forgotten people at the bottom of society into

the vanguard of the proletariat.

There is a lot of confusion over whether we are members of the Working Class or whether we are Lumpenproletariat. It is necessary to confront this confusion, because it has a great deal to do with the strategy and tactics that we follow and with our strained relations with the White radicals

from the oppressor section of Babylon.

Some so-called Marxist-Leninists will attack us for what we have to say, but that is a good thing and not a bad thing because some people call themselves Marxist-Leninists who are the downright enemies of Black people. Later for them. We want them to step boldly forward, as they will do -- blinded by their own stupidity and racist arrogance -- so that it will be easier for us to deal with them in the future.

We make these criticisms in a fraternal spirit of how

some Marxist-Leninists apply the classical principles to the specific situation that exists in the United States because we believe in the need for a unified revolutionary movement in the United States, a movement that is informed by the revolutionary principles of scientific socialism. Huey P. Newton says that "power is the ability to define phenomena and make it act in a desired manner." And we need power, desperately, to counter the power of the pigs that now bears so heavily upon us, '-

Ideology is a comprehensive definition of a status quo that takes into account both the history and the future of that status quo and serves as the social glue that holds a people together and through which a people relate to the world and other groups of people in the world. The correct ideology is an invincible weapon against the oppres-

sor in our struggle for freedom and liberation.

Marx defined the epoch of the bourgeoisie and laid bare of the Proletarian future. He analyzed the direction Capitalism and defined the method of its doom: VIOLENT REVOLUTION BY THE PROLETARIAT AGAINST THE BOURGEOIS STATE APPARATUS OF CLASS OPPRESSION AND REPRESSION, REVOLUTIONARY VIOLENCE AGAINST COUNTER-REVOLUTIONARY CLASS VIOLENCE PERPETRATED THROUGH THE SPECIAL REPRESSIVE FORCE OF THE ARMED TENTICLES OF THE STATE.

This great definition by Marx and Engels became the mightiest weapon in the hands of oppressed people in the history of ideology. It marks a gigantic advance for all mankind. And since Marx's time, his definition has been strengthened, further elaborated, illumined, and further

refined.

But Marxism has never really dealt with the United States of America. There have been some very nice attempts. People have done the best that they know how. However, in the past, Marxist-Leninists in the United States have relied too heavily upon foreign, imported analyses and have seriously distorted the realities of the American scene. We might say that the Marxism-Leninism of the past belongs to the gestation period of Marxism-Leninism in the United States, and that now is the time when a new, strictly American ideological synthesis will arise, springing up from the hearts and souls of the oppressed people inside Babylon, and uniting these people and hurling them mightily, from the force of their struggle, into the future. The swiftly developing revolution in America is like the gathering of a mighty storm, and nothing can stop that storm from finally bursting, inside America, washing away the pigs of the power structure and all their foul, oppressive works. And the children of the pigs and the oppressed people will dance and spit upon the common

graves of these pigs

There are some Black people in the United States who are absolutely happy, who do not feel themselves to be oppressed, and who think that they are free. Some even believe that the President wouldn't lie, and that he is more or less an honest man; that Supreme Court decisions were almost written by god in person; that the Police are Guardians of the Law; and that people who do not have jobs are just plain lazy and good-for nothing and should be severely punished. These are like crabs that must be left to boil a little longer in the pot of oppression before they will be ready and willing to relate. But the overwhelming majority of Black people are uptight, know that they are oppressed and not free; and they wouldn't believe Nixon if he confessed to being a pig; they don't relate to the Supreme Court or any other court; and they know that the racist pig cops are their sworn enemies. As for poverty, they know what it is all about.

These millions of Black people have no political representation, they are unorganized, and they do not own or control any of the natural resources; they neither own nor control any of the industrial machinery, and their daily life is a hustle to make it by any means necessary in the

struggle to survive.

Every Black person knows that the wind may change at any given moment and that the Lynch Mob, made up of White members of the "Working Class", might come breathing down his neck if not kicking down his door. It is because of these factors that when we begin to talk about being Marxist-Leninists, we must be very careful to make it absolutely clear just what we are talking about.

On the subject of racism, Marxism-Leninism offers us very little assistance. In fact, there is much evidence that Marx and Engels were themselves racists -- just like their White brothers and sisters of their era, and just as many Marxist-Leninists of our own time are also racists.

Historically, Macsm-Leninism has been an eigrowth of European problems and it has been primarily preoccupied with finding solutions to European problems.

With the founding of the Democratic People's Republic of Korea in 1948 and the People's Republic of China in 1949, something new was injected into Marxism-Leninism, and it ceased to be just a narrow, exclusively European phenomenon. Comrade Kim Il Sung and Comrade Mao Tse-tung applied" the classical principles of Marxism-Leninism to the conditions in their own countries and thereby made the ideology into something useful for their people. But they rejected that part of the analysis that was not beneficial to them and had only to do with the welfare of Europe.

Given the racist history of the United States, it is very difficult for Black people to comfortably call themselves Marxist-Leninists or anything else that takes its name from White people. It's like praying to Jesus, a White man. We must emphasize the fact that Marx and Lenin didn't invent Socialism. They only added their contributions, enriching the doctrine, just as many others did before them and after them. And we must remember that Marx and Lenin didn't organize the Black Panther Party. Huey P.

Newson and Borby Seale did.

Not until we reach Fanon do we find a major Marxist-Leninist theoretician who was primarily concerned about the problems of Black people, wherever they may be found. And even Fanon, in his published works, was primarily focused on Africa. It is only indirectly that his works are beneficial to Afro-Americans. It is just easier to relate to Fanon because he is clearly free of that racist bias that blocks out so much about the Black man in the hands of Whites who are primarily interested in themselves and the problems of their own people. But even though we are able to relate heavily to Fanon, he has not given us the last word on applying the Marxist-Leninist analysis to our problems inside the United States. No one is going to do this for us because no one can. We have to do it ourselves, and until we do, we are going to be uptight.

We must take the teachings of Huey P. Newton as our foundation and go from there. Any other course will bring

us to a sorry and regrettable end.

Fanon delivered a devastating attack upon Marxism-

Leninism for its narrow preoccupation with Europe and the affairs and salvation of White folks, while lumping all third world peoples into the category of the Lumpenproletariat and then forgetting them there; Fanon unearthed the category of the Lumpenproletariat and began to deal with it, recognizing that vast majorities of the colonized people fall into that category. It is because of the fact that Black people in the United States are also colonized that Fanon's analysis is so relevant to us.

After studying Fanon, Huey P. Newton and Bobby Seale began to apply his analysis of colonized people to Black people in the United States. They adopted the Fanonian perspective, but they gave it a uniquely Afro-American

content.

Just as we must make the distinctions between the mother country and the colony when dealing with Black people and White people as a whole, we must also make this distinction when we deal with the categories of the Working

Class and the Lumpenproletariat.

We have, in the United States, a "Mother Country Working Class" and a "Working Class from the Black Colony". We also have a Mother Country Lumpenproletariat and a Lumperprotetariat from the Black Colony, Inside the Mother Country, those categories are fairly stable, but when we look at the Black Colony, we find that the hard and fast distinctions melt away. This is because of the leveling effect of the colonial process and the fact that all Black people are colonized, even if some of them occupy favored positions in the schemes of the Mother Country colonizing exploiters.

There is a difference between the problems of the Mother Country Working Class and the Working Class from the Black Colony. There is also a difference between the Mother Country Lumpen and the Lumpen from the Black Colony. We have nothing to gain from trying to smooth over these differences as though they don't exist, because they are objective facts that must be dealt with. To make this point clear, we have only to look at the long and bitter history of the struggles of Black Colony Workers fighting for democracy inside Mother Country

Labor Unions.

Historically, we have fallen into the trap of criticizing mother country labor unions and workers for the racism

as an explanation for the way they treat Black wrkers. Of course, they are racist, but this is not the full explanation.

White workers belong to a totally different world than that of Black workers. They are caught up in a totally different economic, political, and social reality, and on the basis of this distinct reality, the pigs of the power structure and treacherous labor leaders find it very easy

to manipulate them with Babylonian racism.

This complex reality presents us with many problems, and only through proper analysis can these problems.be solved. The lack of a proper analysis is responsible for the ridiculous approach to these problems that we find among Mother Country Marxist-Leninists. And their improper analysis leads them to advocate solutions that are doomed to failure in advance. The key area of the confusion has to do with falsely assuming the existence of one All-American Proletariat; one All-American Working Class; and one All-American Lumpenproletariat.

O.K. We are Lumpen. Right on. The Lumpenproletariat are all those who have no secure relationship or vested interest in the means of production and the institutions of capitalist society. That part of the "Industrial Reserve Army" held perpetually in reserve; who have never worked and never will; who can't find a job; who are unskilled and unfit; who have been displaced by machines, automation, and cybernation, and were never "retained or invested with new skills"; all those on Welfare or receiving State

Aid.

Also the so-called "Criminal Element", those who live by their wits, existing off that which they rip off, who stick guns in the faces of businessmen and say 'stick'em up', or 'give it up'! Those who don't even want a job, who hate to work and can't relate to punching some pig's time clock, who would rather punch a pig in the mouth and rob him than punch that same pig's time clock and work for him, those whom Huey P. Newton calls "the illegitimate capitalists". In short, all those who simply have been locked out of the leconomy and robbed of their rightful social heritage.

But even though we are Lumpen, we are still members of the Proletariat, a category which theoretically cuts across national boundaries but which in practice leaves

something to be desired.

#### CONTRADICTIONS WITHIN THE PROLETARIAT OF THE USA

In both the Mother Country and the Black Colony, the Working Class is the Right Wing of the Proletariat, and the Lumpenproletariat is the Left Wing. Within the Working Class itself, we have a major contradiction between the Unemployed and the Employed. And we definitely have a major contradiction between the Working Class and the Lumpen.

Some blind so-called Marxist-Leninists accuse the Lumpen of being parasites upon the Working Class. This is a stupid charge derived from reading too many of Marx's foomotes and taking some of his offhand scurrilous remarks for holy writ. In reality, it is accurate to say that the Working Class, particularly the American Working Class, is a parasite upon the heritage of mankind, of which the Lumpen has been totally robbed by the rigged system of Capitalism which in turn, has thrown the majority of mankind upon the junkheap while it buys off a percentage with jobs and security.

The Working Class that we must deal with today shows little resemblance to the Working Class of Marx's day, In the days of its infancy, insecurity, and instability, the Working Class was very revolutionary and carried forward the struggle against the bourgeoisie. But through long and bitter struggles, the Working Class has made some inroads into the Capitalist system, carving out a comfortable niche for itself. The advent of Labor Unions, Collective Bargaining, the Union Shop, Social Security, and other special protective legislation has castrated the Working Class. transforming it into the bought-off Labor Movement -a most un-revolutionary, reformist minded movement that is only interested in higher wages and more job security. The Labor Movement has abandoned all basic criticism of the Capitalist system of exploitation itself. The George Meanys, Walter Reuthers, and A. Phillip Randolphs may - correctly be labelled traitors to the proletariat as a whole, but they accurately reflect and embody the outlook and aspirations of the Working Class. The Communist Party of the United States of America, at its poorly attended meetings, may raise the roof with its proclamations of being the Vanguard of the Working Class, but the Working Class

itself looks upon the Democratic Party as the legitimate vehicle of its political salvation.

As a matter of fact, the Working Class of our time has become a new industrial elite, resembling more the chauvanistic elites of the selfish craft and trade guilds of Marx's time than the toiling masses ground down in abject poverty. Every job on the market in the American Economy today demands as high a complexity of skills as did the jobs in the elite trade and craft guilds of Marx's time.

In a highly mechanized economy, it cannot be said that the fantastically high productivity is the product solely of the Working Class. Machines and computers are not members of the Working Class, although some spokesmen for the Working Class, particularly some Marxist-Leninists, seem to think like machines and computers.

The flames of revolution, which once raged like an inferno in the heart of the Working Class, in our day have dwindled into a flickering candle light, only powerful enough to bounce the Working Class back and forth like a ping pong ball between the Democratic Party and the Republican Party every four years, never once even glancing at the alternatives on the Left.

# who speaks for the lumper proletariat?

Some Marxist-Leninists are guilty of that class egotism and hypocrisy often displayed by superior classes to those beneath them on the social scale. On the one hand, they freely admit that their organizations are specifically designed to represent the interests of the Working Class. But then they go beyond that to say that by representing the interests of the Working Class, they represent the interest of the Proletariat as a whole. This is clearly not true. This is a fallacious assumption based upon the egotism of these organizations and is partly responsible for their miserable failure to make a revolution in Babylon.

And since there clearly is a contradiction between the right wing and the left wing of the Proletariat, just as the right wing has created its own organizations, it is necessary for the left wing to have its form of organization to represent its interests against all hostile classes -- including the Working Class.

The contradiction between the Lumpen and the Working

Class is very serious because it even dict is a different strategy and set of tactics. The students focus their rebellions on the campuses, and the Working Class focuses its rebellions on the factories and picket lines. But the Lumpen finds itself in the peculiar position of being unable to find a job and therefore is unable to attend the Universities. The Lumpen has no choice but to manifest its rebellion in the University of the Streets.

It's very important to recognize that the streets belong to the Lumpen, and that it is in the streets that the Lumpen will make their rebellion.

One outstanding characteristic of the liberation struggle of Black people in the United States has been that most of the activity has taken place in the streets. This is because, by and large, the rebellions have been spearheaded by Black Lumpen.

It is because of Black people's lumpen relationship to the means of production and the institutions of the society that they are unable to manifest their rebellion around those means of production and institutions. But this does not mean that the rebellions that take place in the streets are not legitimate expressions of an oppressed people. These are the means of rebellion left open to the Lumpen.

The Lumpen have been locked outside of the economy. And when the Lumpen does engage in direct action against the system of oppression, it is often greeted by hoots and howls from the spokesmen of the Working Class in chorus with the mouthpieces of the bourgeoisie. These talkers like to put down the struggles of the Lumpen as being "spontaneous" (perhaps because they themselves did not order the actions!), "unorganized", and "chaotic and undirected". But these are only prejudiced analyses made from the narrow perspective of the Working Class. But the Lumpen moves anyway, refusing to be straight-jacketed or controlled by the tactics dictated by the conditions of life and the relationship to the means of production of the Working Class.

The Lumpen finds itself in the position where it is very difficult for it to manifest its complaints against the system. The Working Class has the possibility of calling a strike against the factory and the employer and through the mechanism of Labor Unions they can have some arbitra-

tion or some process through which its grievances are manifested. Collective bargaining is the way out of the pit of oppression and exploitation discovered by the Working Class, but the Lumpen has no opportunity to do any collective bargaining. The Lumpen has no institutionalized focus in Capitalist society. It has no immediate oppressor except perhaps the Pig Police with which it is confronted daily.

So that the very conditions of life of the Lumpen dictates the so-called spontaneous reactions against the system, and because the Lumpen is in this extremely oppressed condition, it therefore has an extreme reaction against the system as a whole. It sees itself as being bypassed by all of the organizations, even by the Labor Unions, and even by the Communist Parties that despise it and look down upon it and consider it to be, in the words of Karl Marx, the father of Communist Parties, "The Scum Layer of the Society". The Lumpen is forced to create its own forms of rebellion that are consistent with its condition in life and with its relationship to the means of production and the institutions of society. That is, to strike out at all the structures around it, including at the reactionary Right Wing of the Proletariat when it gets in the way of revolution.

The faulty analyses which the ideologies of the Working Class have made, of the true nature of the Lumpen, are greatly responsible for the retardation of the development of the revolution in urban situations. It can be said that the true revolutionaries in the urban centers of the world have been analyzed out of the revolution by some Marxist-Leninists.

# October 1956 Black Panther Party Platform and Program

# What We Want What We Believe

1. We want freedom. We-want power to determine the destiny of our Black Community.

We believe that black people will not be free until we are able to determine our destiny.

2. We want full employment for our people.

We believe that the federal government is responsible and obligated to give every man employment or a guaranteed income. We believe that if the white American businessmen will not give full employment, then the means of production should be taken from the businessmen and placed in the community so that the people of the community can organize and employ all of its people and give a high standard of living.

3. We want an end to the robbery by the CAPITALIST of our Black Community.

We believe that this racist government has robbed us and now we are demanding the overdue debt of forty acres and two mules. Forty acres and two mules was promised 100 years ago as restitution for slave labor and mass murder of black people. We will accept the payment in currency which will be distributed to our many communities. The Germans are now aiding the Jews in Israel for the genocide of the Jewish people. The Germans murdered six million Jews. The American racist has taken part in the slaughter of over fifty million black people; therefore, we feel that this is a modest demand that we make.

4. We want decent housing, fit for shelter of human beings.

We believe that if the white landlords will not give decent housing to our black community, then the housing and the land should be inade into cooperatives so that our community, with government aid, can build and make decent housing for its people

5. We want education for our people that exposes the true nature of this decadent American society. We want education that teaches us our true history and our role in the present-day society.

We believe in an educational system that will give to our people a knowledge of self. If a man does not have knowledge of himself and his position in society and the world, then he has little chance to relate to anything else.

6. We want all black men to be exempt from military service.

We believe that Black people should not be forced to fight in the military service to defemi a racist government in a loss had protect as wo will not fight and kill other people of color in the world who, like black people, are being victimized by the white racist government of America.

We will protect ourselves from the force and violence of the racist police and the racist military, by whatever means necessary.

7. We want an immediate end to POLICE BRUTALITY and MURDER of black people.

We believe we can end police brutality in our black community by organizing black self-defense groups that are dedicated to defending our black community from racist police oppression and brutality. The Second Amendment to the Constitution of the United States gives a right to bear arms. We therefore believe that all black people should arm themselves for self-defense.

8. We want freedom for all black men held in federal, state, county and city prisons and jails.

We believe that all black people should be released from the many jails and prisons because they have not received a fair and impartial trial.

9. We want all black people when brought to trial to be tried in court by a jury of their peer group or people from their black communities, as defined by the Constitution of the United States.

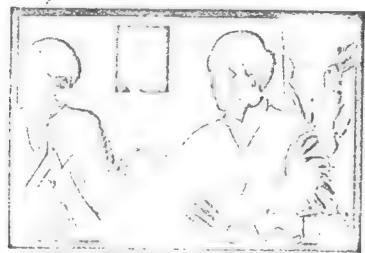

We believe that the courts should follow the United States Constitution so that black people will receive fair trials. The 14th Amendment of the U.S. Constitution gives a man a right to be tried by his peer group. A peer is a person from a similar economic, social, religious, geographical, environmental, historical and racial background. To do this the court will be forced to select a jury from the black community from which the black defendant came. We have been, and are being trien by all-white juries that have no understanding of the "average reasoning man" of the black community.

10. We want land, bread, housing, education, clothing, justice and peace. And as our major political objective, a United Nations-supervised plebiscite to be held throughout the black colony in which only black colonial subjects will be allowed to participate, for the purpose of determining the will of black people as to their national destiny.

When, in the course of human events, it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume, among the powers of the earth, the separate and equal station to which the laws of nature and nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.

We hold these truths to be self-evident, that all men are created equal; that they are endowed by their Creator with certain unalienable rights; that among these are life, liberty, and the pursuit of happiness. That, to secure these rights, governments are instituted among men, deriving their just powers from the consent of the governed; that, whenever any form of government becomes destructive of these ends, it is the right of the people to alter or to abolish it, and to institute a new government, laying its foundation on such principles, and organizing its powers in such form, as to them shall seem most likely to effect their safety and happiness. Prudence, indeed, will dictate that governments long established should not be changed for light and transient causes; and, accordingly, all experience hath shown, that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. But, when a long train of abuses and unsurpations, pursuing invariably the same object, evinces a design to reduce them under absolute descritsment is their resistences it of decay to throw affisuch government at a payrous a new guards for their fup reasoning

Huey would say, "a newspaper is the voice of a party, the voice of the Panther must be heard throughout the land."

# EDUCATION AND REVOLUTION

by ELDRIDGE CLEAVER
MINISTER OF INFORMATION B.P.P.

NE WAY OF UNDERSTANDING What's going on, on the college and the high school campuses in the United States today, is to examine the essence of education. Basically an education passes the heritage, learning, the wisdom and the technology of human history to the coming generations. We want this information to be passed on to enable and to help mankind continue to survive and cope with the environment. In terms of surviving and coping with our environment, basically, we have two worlds to deal with. We have the natural world - the task of surviving against the given world, the task of eking a living from the earth itself, for which technology has been designed. On the other hand we have the social world, the social situation. We have an antagonistic . speak and the street to the and

including everything from animals to the weather, and these elements have been given the label of enemy because they can kill people. We have to be able to harness these forces, we have to be able to adapt to the natural situation so that our survival will be enhanced, and for this purpose, science and technology, agriculture and industry, all of these tools have been developed by mankind through practice in coping with this physical environment.

We are in the habit of speaking about certain things that happen in the social situation that are hostile and infinical to the prospect of survival for mankind, and we also label these with the same designation of enemy. The distinction between the struggle for survival against the physical environment, and the struggle against

tion to make, because often the struggle in the social realm is really the only struggle that many people are caught up in. They are not directly involved in struggling against the physical environment, but their survival does depend upon struggling within the social realm, in terms of how the economy is organized, how the political system itself is organized, and how the social system itself is organized, so that many lives are played out against this background of struggling against the way civilization is presently organized.

The struggle against the physical environment, of course, is primary. We have organized our social situation in order to cope with the physical environment. The way that we organize agriculture, the way that we organize industry, the way that we organize the political situation, all historically have been towards facilitating and better enabling us to cope with the physical environment.

AT THIS POINT I think it would be useful to establish some terminology. The best terminology I know of, for discussing this distinction between the struggle within the physical environment and the struggle within the social environment, is the termi nology developed by Karl Marx. He designates the struggle against or within the physical environment as taking place within the economic base of society. And, upon the economic base of society is erected the superstructure of society. Thus the struggle within the social realm takes place within the superstructure and the strucgle in the physical realm takes places within the economic base. In the economic base we find the natural resources, the technology, the industry, all the machines and the tools and the means that mankind has developed for coping with the physical environment. They are designated as the means of production, the means of product. ing material with his do a co hes from the natural resources themselves. But all of the institutions of a conversething from the educational facilities to the

hospitals and the postal service, everything belonging to the organized aspect of society, exist within the social superstructure, which has been built and sustained by our means of producing material wealth.

Let's get to the essence of an education. In a very simple-structured social organization, where technology and learning have not become complex, it would be possible for one's father or one's uncle to pass on the technology. Your father could teach you how to fish or your father could teach you how to farm at a rudimentary agricultural level. He could teach you how to hunt with a spear or a rock, or bow and arrow. But as the economic condition becomes more complex, and as the level of information and knowledge and understanding of the environment increases, to the extent that society requires people to specialize in passing on this information, then the problem of education really sets in. When it was necessary for people to be desig nated as teachers and to specialize in, or devote all their time to, passing on this information, the learning situation itself had to be centralized as an institution. Schools, universities, etc., were developed so that the maximum productive use of a man's time and energy could be made. Now you can readily understand how in a very complex social situation it would be understood by the community, by everybody involved in the social unit, that these places or institutions of learning were there to serve and to benefit the community as a whole. It would be absurd for a teacher or one who is charged with administering the learning process as a whole, it would be absurd for him to alienate himself from the community as a whole or to claim that he owns the body of information that is a heritage to mankind; this would be absurd. it would not be tolerated by the commu-

in conflict with each other. But in actual fact and in terms of human-history such harmony has not been the case.

In human history, we see that society has been broken up into classes, into antagonistic ethnic and economic groups that struggle against each other for survival as each sees it. They enslave each other and make their living at the expense of other groups. special interest groups are formed, etc. So that in reality we have to look at our own situation, have to look at the situation that exists in the economic base in terms of the class struggle, also in terms of the ethnic struggles that have gone on. When we look at our own situation today in the United States, we find that those who are very powerful in our society are powerful because of their relationship to the means of production, because they are rich, because they own the factories and because they own the natural resources. With this economic power they are able to gain control of all the institutions in society they are able to appoint post with themselve may not be rich, or may not own stock, or have any control over the means of production of the natural resources, but because of their extensive education are able to be appointed to positions of managing society,

But at the top of the social organization in the United States, we have the ruling class mentioned; and because of the wealth of this ruling class, it is able to dominate American society and control American society, able to determine what judges are appointed to the judicial system, able to determine who is appointed to the Board of Regents to administer the colleges, and able even to determine who is elected to office, because it controls the wealth, and has vast amounts of money at its disposal to wage a political campaign.

Those who control the economy of the United States are able to control the rest of society. Those of us who are not in this advantaged position. class college students, all find ourselves in the position wherein our lives are manipulated and controlled by those who have this advantaged social position.

We have to struggle in order to survive. But we're not struggling against the natural environment, our struggle is not in reality taking place against nature itself, but we are struggling against the way society has been organized. We are struggling against those who have organized society to their advantage, in order to continue their control and rule of the entire social unit. It is very important for us to understand that we are called upon to wage this struggle with the same desperation and the same "do or die" necessity that a caveman in some forgotten time in human history had to struggle against the natural elements. In reality, our adversaries are other men, other women and other social classes. In terms of the racial strife within the United States our class struggle is often hidden by our ethnic atniggie. We are manipulated along the color line as well as along the class line. We are exploited economically, and we are discriminated against racially, also.

LODAY, AS ALWAYS, the struggle of the exploited people within the United States is taking place on all fronts, but the most sensational and explosive clashes are being centered and focussed more and more on the college campuses and on the high school campuses. We understand that those who control the mind can control the body. so that those who are interested in keeping people in oppressed positions and then dominating their perspective and their outlook on life, know that it is necessary for them to control the learning process in order to brainwash people, in order to camouflage the true nature of the society. In order to sanctify their system, they teach the exploited people and the oppressed people to virtually love the system that is exploiting and oppressing them. It is obmochy has an interest in scener to · control or control and is to the state of the expose the

true nature of the decadent and racist society that we live in.

On the other hand, the exploited and oppressed people have the opposite interest in exposing the true nature of the society and in educating oursolves and our children on the nature of the struggle and in transferring to them the means for waging the struggle so they can be aware of the level of the struggle, of the progress and the history of the struggle and the nature of the enemy and the true vulnerability of the enemy. In other words, we want to be able to teach ourselves and our children the necessity for struggling against this ruling class.

What we have to realize above all else is that our enemy and that which we in fact are struggling against is not an individual college president or high school principal or a board of regeats or a heard of education, but the entire social structure. We are struggling against the capitalist system which organized itself in a way that purchases our lives, that exploits us and forces us into a position wherein we have to wage a struggle against the social organization in order to survive.

One of the techniques or one of the weapons that the enemy uses against us in our struggle is to turn words against us, to define our struggle in terms that place our struggle in a bad light, so that the word "revolution" is given a bad name, is looked upon as a negative term.

But what revolution means and what it means to us is that we are trying to change a system that has historically enslaved our people, has continually exploited us, has discriminated against us and made our lives miserable and kept us underdeveloped and kept us blind and kept us in a form of slavery, one form of slavery or another. Of course, our struggle has continually forced the slavemaster to modify the terms of the sl . 7, but every medification that his been , to be compared made because the silvemaster found it necessary to make a less minor adjustments in order to continue his exploitation of us on a new level.

THE PROCESS of breaking out of slavery, the process of breaking out of a set of social arrangements, out of a social organization that is killing us, this process is named revolution; we are revolting and rebelling and moving against a system that is our enemy. For us the word "revolution" should be a beautiful word because it's a word that promises us hope, that promises us a better life and we should not be ashamed to call ourselves revolutionaries. We are a revolutionary people, our very social situation forces us to be a revolutionary people. If we are not going to be revolutionary people, we have to accept the designation of satisfied slaves; if we aren't satisfied, then that means we have a revolutionary consciousness. It is important for us to be consciously revolutionary, to understand that we are revolutionaries. and to understand that it is right for us to be revolutionaries and that in fact the enemies are the ones who are wrong.

The enemy uses words against us, talks about "crime in the streets." talks about "disorders," talks about "law and order," all of these words are smoke screens, are smoke screens to confuse us, to create conflicts between the various exploited groups and to turn them against each other. It is the old technique of divide and conquer. What we need and what - if we had any sense at all - what we would be working for is to create an alliance between all the exploited people within the society so that we could join together to create machinery, coordinate our struggle, and coordinate our attack against the capitalist system and destroy it. Because as along as the capitalist system exists, by its very nature some people will have to be exploited in order for others to be rich and powerful, so that the exploited are powerless and in an oppressed position. Therefore revolution is a glorious term, it is a term to be proud of fid we are i'd kind that we are morally . (i.e. we are right in every sense of the that and that the oppressor is the one who to wrong and that the oppressor has no rights which the oppressed are bound to respect.

26

History is on our side and justice is on our side and it is only a question of removing from positions of power those who are able to judge our struggle and to pass out judgments that denounce us and that deny us the right to survive. If we had revolutionary members from the exploited classes sitting on the Supreme Court, in the halls of Congress and in the Executive Branch of the Government, then these revolutionaries in office would give out revolutionary decisions, the revolutionaries on the benches of the court would give out revolutionary decisions on the court cases and the capitalists and the racist police would be judged wrong.

They would be the ones who would be sent to prison. They would be the ones who would be penalized. They would be the ones who would be forced to raise a hundred thousand dollars in order to get out on bail. In other words, the oppressed people have to take control of the govern mont, they have to take control of the state. so that in their hands these instruments of power would be turned against the exploiters. The exploitative system would be dismantled and we could build another system that would be based on cooperation, not on a "dog-eat-dog" epic of competition, of corrupt methods of exploiting people. It would be based on how best to organize the industries, the means of production, in order to give everybody a good

Our streecle to gain Black studies departments on college campuses, our struggle to have Black studies added to the curriculum across the nation is a struggle that the enemy sees as a grave danger. The enemy also recognizes the struggle of young-White people on the college campuses and high schools as a grave danger and he is right. It is a grave danger hecause what we realize is that the education that is given is designed to perpetuate a system of exploit the Cutt. The hind it is designed to be called minoraties typorate and on the other hand it is designed to keep the masses of

white students in harmony with this system, to keep them supporting the system. to indoctrinate them to fight the wars that protect the system, and that extend the influence and the power of the system. We are all becoming conscious of the evil of the system, conscious of the fact that this system can no longer survive, that we have a historic opportunity for attacking the system and destroying it at its root. Thus all of the manipulations that the capitalists and the watchdogs of the capitalists go through are designed to destroy the thrust of the movement, to designate as criminals those who are in the forefront of the struggle and those who are guiding the struggle.

Historically the struggle in the educational arena, in terms of black people has been waged from, on the one hand the slavemaster not even wanting black people to learn how to read and write, to black people wanting to learn how to read and write on the other. The struggle then transposed itself over into what black people were allowed to read and write, until today black people have reached a point where they want to control totally what they read and write.

This has been a steady struggle against the opposition of the slavemaster, it has been defeat after defeat for the slavemaster, until now we have burst into consciousness, until now we have fealized the necessity of taking control of our education. When we see this long line of progression from the struggle to become literate to the struggle today to control totally the education, we can see the true nature of the opposition that we face now and faced then. All of these racists and liberals who are opposing our moves today to gain control of our education, are nothing but the descendants of the outright racist slavemasters who opposed us in our attempts to learn how to read and write on the plantations during the days of slavery. Hence all of their rhetoric, all of their arguments, all of the changes that they be the following the controls of mathematical a chat relation of the device and the necessity of the slavemaster to keep us ignorant

and unable to manipulate ideas; because in order to organize a revolutionary struggle, we must be able to manipulate ideas. We must have knowledge of ourselves and of our enemy, and of the situations that we find ourselves in, in order to organize a true revolution to move against the oppressor.

ONE OF THE CREAT DANGERS that our revolutionary struggle faces, perhaps the greatest danger, is that we historically have tended to compartmentalize our struggle; that is, we get hung up on one aspect of the struggle, without having an overall revolutionary perspective and without realizing that the struggle that we wage is against the total social organism. We focus all of our attention and all of our energy on the educational system, and we don't realize - or our tactics and our strategy would seem to indicate that we don't realize - that this is only one aspect of our struggle and that the same people who control the educational facilities, control the rest of the social strateture. Liverylang, the economy, the judiciary, the political parties, the political instruments, every aspect of society is in the same hands. We need a broader strategy, a revolutionary strategy that aims at overthrowing the rule of this class as a whole, so we will not just be going through changes on the college

The repression against the movement that the United States is now mobilizing is not a sign of strength on the part of the ruling class, but rather the sign of weakness of the ruling class, and a sign of the strength and effectiveness of the movement. All of the lies, the subterfuges, the hypocrisy of the ruling class has been exposed, for it can no longer hope to control or manipulate the movement by words alone. It has to resort to the brutal, repressive forces of the police department. The movement itself has drawn several lessons, from this reaction of repression by the ruling class. The clear cut nature of power in the United States and the racist policies of the

UN THE ONE HAND the rebellion of black students and black people thoroughly exposes the racist policies of the administrations of the various colleges and high schools, and on the other hand there is the repression that the blacks and the allies of blacks are receiving. It's really incorrect to speak of the white section of the movement as being the allies of blacks, because in reality there is no such thing as a black movement and a white movement in the United States. These are merely categories of thought, that only have reality in terms of the lines that the ruling class itself has drawn and is enforcing among the people.

Because the United States is controlled by one ruling class, one single structure, and the whole drama of the black liberation struggle, and the revolutionary struggle in the white community is being played on one stage. Because of the division that the ruling class has historically implanted amongst the people, because of the different experiences of black people from white prople, the reality of the division is more applient than real, because at the top opposed to both black people and white revolutionaries is a single ruling class, there's not a ruling class for blacks and a ruling class for whites, but there's one single ruling class that rules all, that controls all, and that manipulates all, that has a different set of tactics for each group, depending upon the tactics used by the groups, in the struggle for liberation.

One of the great weaknesses in the movement at this particular time is in the campus aspect of the attack upon the ruling class and the power of the ruling class. In the compartmentalized thinking of the traditional American society, the college community and the college campus is viewed as something separate and distinct from the rest of the community. The college is not really looked upon as a part of the community People who are not concerned with themselves going to college or who have no children in college feel that what's going on on the campus is none of

from the truth, because in reality they are the people's colleges, institutions that have been set aside to perpetuate the human heritage, and to pass on human wisdom, the knowledge and technical skills for the further development of society and civilization. And every single individual living in a given society has a stake in what goes on in them; he has a stake in seeing to it that what happens on the campus is proper, and that the best interest of all the community is being served.

On the other hand, the attacks focussed on the college campuses serve to expose the nature of power in the United States. When we look at the composition of the board of regents and administrations, and councils that control the colleges, we find them replete with military men, retired generals, foundation personnel, and big businessmen. We could say that the boards that administer the universities are a good barometer, or a clear diagram of the stratirification of power in the society as a whole We don't see poor people represented on the boards of administration of the institutions of learning, for in the society beyond the college campus, poor people do not exercise or possess any power. If they did have the power, they would be in a position to see to it that some of their members were appointed to these boards.

But those who control the economy, those who control the various sources and levels of power in the community and around it, are able to have their lackeys and their flunkies appointed to administer these institutions of learning. The composition of the boards of administration of the institutions of learning indicate clearly, the powerlessness of the various sectors of society and this fact needs to be brought out much more clearly and brought home to the community. A connection needs to be made between the college campus and the community so that the repression and the tactics of the ruling class can be defeated by the total consecutive being m-vanno on the cot car came and the file unit mass arrests and brutality against the students and there is not solid and massive community support, then they will be able to get away with it, and slowly but surely they will be able to grind the movement to a halt by cutting off wave after wave of leadership, by expelling the leadership, and hounding the leadership out of existence.

It's a mistake to think that the ruling class cannot be successful if a proper response is not made from the movement, a mistake that has been made time and time again in the various revolutionary struggles around the world. There have been cases of the revolutionary movement being very highly advanced, very well organized, much more organized than we are in the United States, with a higher theoretical understanding, and with very good party machinery, etc. and they have been crushed because the power structure would resort to unlimited brutality - it would kill, it would imprison. It had the mass media in its central, and it could use the mass media to justify this, and to brainwash other people who were not organized enough to do anything about their repressors.

So that it's a question of time. The movement is always behind, the movement has the initiative. The power structure, by over-reacting seeks to buy time for itself, and the pressure that the movement puts on the power structure determines the amount of time that is left. Because if the struggle progresses slowly enough to allow the ruling class to devise means of coping with the movement, then all is lost and the movement itself is doomed to failure. So that a broadening of those involved, or those concerned, and those whose support is now latent is what is required.

Poor black people and poor white people and middle class people who are not themselves directly involved in the college situation, need to be made to understand that something of their own precious libitions are not precious libitions are not precious libitions and decisively termined in the struggles that are going

down on the campuses today. Every black mother, every black father, every Mexican mother, every Mexican father, every father and every mother in every group, white, Puerto Rican, Indian, Eskimo, Arab, Jew, Chinese, Japanese, whatever ethnic group they happen to be in, in the United States, need to be made to understand, that if they have no child or teenager involved in the educational process today because they were not able to afford to send them to college or something of that nature, that this in-itself is a criticism of the structure of education in the United States.

IT IS THE DUTY of any society to see to it that every individual in that society is invested with the human heritage and provided with the technology, the skills, and the knowledge that will enable him to cope with his environment, to survive and to live a good life. It is the duty of the society to provide this education, just as it is the duty of the society to provide the highest level of medical assistance, housing and employment, of every or neutrinat exists in society, it's the duty of the government to provide that. As long as the state is not providing these benefits, it is not worthy of existing, and under our kind of state which is called a representative democracy, it is not possible for a capitalistic economy to provide a universal education for the people. What it has been providing is universal brainwashing that masquerades as universal education. The quality of the education is contemptible it is illumine, and it is only geared to provide a level of intelligence or a level of competence that will enable the product of the educational system to become war material, to be exploited by the capitalistic economic entities within the United States.

So what we're into today is not only sitting back and criticizing, but actively reaching out and challenging the authority of those who control the various institutions in society, not simply challenging this authority, but by actively moving to disrupt the functioning of these figure as a the best interests of the community as a

whole. These facilities can no longer serve the interests of the crosswork monopoles that are being administered by racists and by pigs who only want to exploit people and sentence people to be cogs in a wheel. In the final analysis, the struggle that is now going on on the college campuses cannot be settled on the college campuses. It has to be settled in the community, because those that sit on the boards of administration of the colleges do not derive their power from the fact that they are sitting on the board, but rather, they sit on the board because they have power in the community.

Their power is based on the economic institutions of society and other institutions that form the power structure, and because of their relation to these sources of power, they're able to be appointed to these positions of administration.

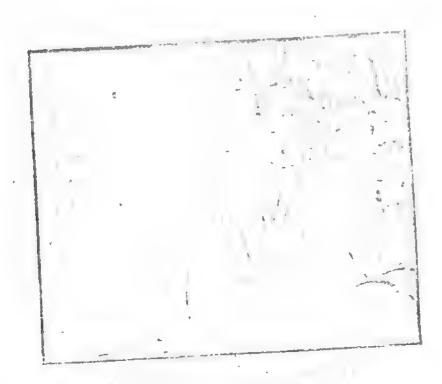

We have to destroy their power in the community, and we're not reformists, we're not in the movement to reform the curriculum of a given university or a given college or to have a tilace. Since the large reconstruction of the are revolutionaries, and as revolutionaries, our goal is the transformation of the American social order.

IN ORDER TO TRANSFORM the American social order, we have to destroy the present structure of power in the United States. we have to overthrow the government. For too long we've been intimidated into not speaking out clearly what our task is, our task is the overthrow of the government, which has to be understood as being nothing but the instrument of the ruling class. The court, the congress, the legislature and the executive branches of the state and federal government are nothing but instruments in the hands of the ruling class, to see after the affairs of the ruling class, and to conduct the life of society in the interest of the ruling class. So we're out to destroy this, to smash this machinery and to erect new machinery. But new machinery cannot be exceed until the prestask of revolutionaries to keep their heads up in the sky, wondering about what they will do when they have power. What they have to do at the present time is to have their minds centered on destruction. We are out to destroy the present machinery of the ruling class, that is our task?

We must do this by the only means possible, because the only means possible is the means that's necessary, and the only means possible is the violent overthrow of the machinery of the oppressive ruling class. That means that we will not allow the ruling class to use brutality and force upon us, without using the same force and brutality upon them. We must destroy their institutions from which they derive their power. A given college president may have his power as a result of being involved in a corporation. We must attack him on the campus but we must also pursue him off the campus and attack him in

his lair, the lair of his power, in his corporations! Such attack could be through
boycotts of the products of that corporation, or through the physical destruction of
the property of the corporation, or the
physical elimination of him as an individual.

We must not get into a bag of thinking that we're involved in a game: a revolution is not a game, it is a war. We are involved in a war — a people's war against those who oppress the people, and this is the war in the clearest sense of the word. It is only our resistance that is underdeveloped and it is our resistance that is underdeveloped because the ruling class has formidable arsenals of the materials of war to unleash upon us, and they are only using timid materials at this particular time, because our resistance to their aggression has heretofore been timid.

also known as
alack Popular Party for Self Defense

According to the official newspaper of the BPP, the BPP was started during December 1965, in Oakland, California, to organize black people so they can take control of the life, politics, and the destiny of the black community. It was organized by FORBY G. SEALE, BPP Chairman, and HUEY P. NEUTON, Minister of Defense, BPP.

The official newspaper, called "The Black Panther," regularly states that the BPP advocates the use of guns and guerrilla tackies in its revolutionary program to end oppression of the black people. Residents of the black cores, ty are urged to arm themselves against the police who are consistently referred to as "pigs" who should be killed.

The newspaper, in its issue of September 7, 1968, had an article by the then Minister of Education, GEORGE MURRAY. This article ended with the following:

"Black men. Black people, colored persons of America, revolt everywhere! Arm yourselves. The only culture worth keeping is revolutionary culture. Change. Freedom everywhere. Dynamite! Black pover. Use the gun. Kill the pics everywhere."

The PPT reversion, issue of October 5, 1900, had an article introduced with the following entemper: "We will not discent from Emerican government. The will overthrow it."

PAVID FILLIARD, Chief of Staff, BPP, in a speech at the San Francisco Polo Field on November 15, 1969, said "We will kill Richard Nixon."

DAVID HILLIARD, in the "New York Times," issue of December 13, 1969, was quoted as follows: "We advocate the very direct overthrow of the government by way of force and violence."

In the issue of April 25, 1970, the PPP newspaper had an article by Minister of Culture IMMAN BOUGLAS as follows:

"The only way to make this racist US government administer justice to the seasle it is oppressing, is...by taking up arms against this government, killing the officials, until the reactionary forces...are dead, and those that are left turn their windons on ineir superiors, thereby passing revolutionary jucgement against the number one enemy of all mankind, the racist U.S. government."

The BPP Meadquarters is located at 1040 Peralta Street, Cakland, California. Branches of the EPP, and Committees to Combat Pascism, under control of the BPP, have seen established in various locations in the USI.

## STUDENTS FOR A DEMOCRATIC SOCIETY

A source has advised that the Students for a Democratic Society (SDS), as presently regarded, came into being at a founding convention held June, 1902, at Port Huron, Michigan. From an initial posture of "participatory democracy" the line of the national leadership has revealed a growing Marxist-Leninist adherence which currently calls for the building of a revolutionary youth movement. Concurrently, the program of SDS has evolved from civil rights strungles to an anti-Vietnam war stance to an advocacy of a militant anti-imperialist position. China, Vietnam and Cuba are regarded as the leaders of worldwide struggles against United States imperialism whereas the Soviet Union is held to be revisionist and also imperialist.

Labor Party (FLP) forces in the organization were expelled. As a result, the National Office (NO) group maintained its National Headquarters at 1608 West Indison Street, Chicago, and the PLP faction set up headquarters in Cambridge, Massachusetts. This headquarters subsequently moved to Boston. Each group elected its own national officers, which include three national secretaries and a National Interim Committee of criat. Both groups also print their versions of "New Left Notes" unich sets forth the line and the program of the particular faction. The NO version of "New Left Notes" was recently printed under the title "The Fire Next Time" to achieve a broader mass appeal.

Two major factions have developed internally within the NO group, namely, the Weatherman or Revolutionary Youth Fovenent (RYM) I faction, and the RYM II faction. Weatherman is action-oriented upholding Chatro's position that the duty of revolutionaries is to make revolution. Weatherman is remarded by RYM II as an adventuristic, elitist faction which denies the historical role of the working class as the base for revolution. RYM II maintains that revolution, although decired, is not possible under present conditions, hence emphasizes organizing and raising the political consciousness of the working class upon whom they feel successful revolution depends. Although disclaiming control and domination by the Communist Party, USA, leaders in these two factions have in the past proclaimed themselves to be communists and to follow the precents of a Marxiett-Laninist philosophy, along pro-Chinese communist lines.

#### STUDENTS FOR A DEMOCRATIC SOCIETY

A second source has advised that the PLP faction which is more commonly known as the Worker Student Alliance is dominated and controlled by members of the PLP, who are required to identify themselves with the pro-Chinese Marxist-Leninist philosophy of the PLP. They advocate that an alliance between workers and students is vital to the bringing about of a revolution in the United States.

SDS regions and university and college chapters, although operating under the outlines of the SDS National Constitution, are autonomous in nature and free to carry out independent policy reflective of local conditions. Because of this autonomy internal struggles reflecting the major factional interests of SDS have occurred at the chapter level since the beginning of the 1959-70 school year.

A characterization of PLP is attached.

#### PROCEESSIVE LAPOR PARTY (PLP)

April 20, 1955, page 27, reported that a new party of "revolutionary socialism" was formally founded on April 18, 1955, under the name of the PLP which had been known as the Progressive Labor Hovement.

According to the article, "The Progressive Labor Movement was founded in 1952, by Milton Rosen and Mortimer Schoor after they were expelled from the Communist Party of the United States for assertedly following the Chinese Communist line."

A source advised on June 3, 1988, that the PLP held its Second Retional Convention in New York City, May 31 to June 2, 1988, at which time the PLP resecuted its objective of the entablishment of a militant working class movement based on Marxism-Loninism. This is to be accomplished through the Party's over-all revolutionary strategy of raising the consciousness of the people and helping to provide ideological leadership in the working class struggle for state party.

Convention Milton Resen was unandwously re-elected National Chairman of the PLP and Levi Laub, Fred Jeroma, Jared Israel, William Epton, Jacob Resen, Jeffrey Cordon, and Walter Linder were elected as the Mational Consisted to lead the PLP until the next convention.

The FLP publishes "Progressive Labor," a bimonthly regarine; "World Revolution," a quartorly pariodical; and "Challenge-Desafio," a monthly newspaper.

The April, 1989, issue of "Challenge-Dasafio" sets, forth that "Challenge is dedicated to the peoples fight for a new way of life--where the working non and women control their can homes and factories; where they themselves make up the entire government on every level and control the schools, courts, police and all institutions which are now used to control thom."

Source advised on May 8, 1959, that the PLP utilizes an address of Ceneral Post Office Box 808, Brooklyn, New York, and also utilizes an office in Room 517, 1 Union Square West, New York, New York.
